Dear Ms Forbes,

Following the publication of the Audit Scotland update on the R100 programme on 15 March, the Committee intends to hold an evidence session on broadband and digital connectivity before the summer recess.

Ahead of that session, I would be grateful if you could provide the Committee with a status update on the R100 rollout, including the associated voucher process, together with a summary of other Scottish Government activity and priorities related to digital connectivity. This information will help inform the Committee's preparation for its proposed evidence session in the coming months.

It would be helpful if you could provide a response by Friday 8 April. The Clerk will contact your private office in due course to make arrangements for the evidence session.

Kind regards

**Claire Baker MSP**  
**Convener**
