## Motions for Debate

**\*[S6M-13368](#) Martin Whitfield: Standards, Procedures and Public Appointments Committee's 1st Report, 2024 (Session 6)**—That the Parliament notes the Standards, Procedures and Public Appointments Committee's 1st Report, 2024 (Session 6), *Complaint against Michael Matheson MSP* (SP Paper 597), and agrees to impose the sanctions recommended in the report that the Parliament excludes Michael Matheson MSP from proceedings of the Parliament for a period of 27 sitting days and withdraws his salary for a period of 54 calendar days to take effect from the day after this motion is agreed.

## Members' Business motions that have not achieved cross party support

**\*[S6M-13307](#) Maggie Chapman: Ending Conversion Practices**—That the Parliament notes the Scottish Government's commitment to legislate to ban conversion practices; further notes the belief that this is a vital step forward in ensuring that everyone in Scotland can live their lives free from marginalisation and discrimination, including in the North East Scotland region; acknowledges the findings of the Scottish Government's Expert Advisory Group on Ending Conversion Practices, which concluded, amongst other things, that a ban would not lead to unlawful restrictions on existing freedoms, such as freedom of speech or belief, and that any ban must recognise the inability of victims to consent to these practices; notes the work undertaken by the Equalities, Human Rights and Civil Justice Committee on this issue and its unanimous report in 2022 in favour of a comprehensive ban on conversion practices; further notes the consultation carried out by the Scottish Government on ending conversion practices for both sexual orientation and gender identity, which closed on 2 April 2024, and notes the calls for the Scottish Government to publish the findings of this consultation as soon as possible, along with a timetable for legislation to ban conversion practices before the end of the current parliamentary session.

Duke of Gloucester, and its composer, Squadron Leader Sellers, Director of Music of the Band of the RAuxAF; notes that the RAuxAF is the reserve element of the Royal Air Force (RAF), whose members contribute their spare time to the defence of the UK; acknowledges that it can trace its roots back to the Auxiliary Air Force (AAF) and RAF Special Reserve, founded in 1924 to provide trained personnel to support the RAF wherever it is deployed; understands that the 1924 founder of the RAF, Lord Trenchard, believed that the reserves should capture a sense of adventure and that spirit was very much in evidence from the earliest days when, in 1933, two pilots of 602 (City of Glasgow) Squadron were the first to fly an aircraft over Mount Everest; considers that people are joining the RAuxAF to lend their civilian experience, skills and expertise to the RAF in such diverse fields as medicine, media, intelligence, music, cyber and even space, as 2024 saw the first RAuxAF space flights stand up to support the work of UK Space Command, and believes that the service has clearly come a long way in 100 years and is as important and relevant today as it ever has been to the defence of the nation's interests.

**\*S6M-13313 Paul O'Kane: Enable's 70th Anniversary—**That the Parliament congratulates Enable on the charity's 70th anniversary, marking what it considers to be seven decades of success in campaigning for rights and inclusion for disabled people in Scotland; recognises that, having been established by five sets of parents of people with learning disabilities in 1954, Enable is now one of the biggest and most impactful charities and one of the 40 largest non-public sector employers in Scotland, employing 2,500 staff and with 12,000 members and supporters, actively supporting over 13,000 people to live independently as active citizens in their local communities; welcomes Enable marking this milestone by hosting Europe in Action, the conference of Inclusion Europe, which represents 20 million people with learning disabilities and their families in 39 countries; notes that Enable hosted the conference from 7 to 9 May 2024, and congratulates

Enable on the success of the event, which was attended by over 450 people from across Europe, providing what it sees as a vital opportunity for people with learning disabilities in Scotland to discuss with self-advocates from across the continent how further progress can be made for all people with learning disabilities, so that their rights are made real across Europe. **R**

A list of all Bills in progress can be accessed via the website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
