That the Parliament congratulates One Parent Families Scotland on reaching the remarkable milestone of its 80th anniversary, and commends the charity for its unwavering dedication to empowering single parents to realise their full potential; recognises what it sees as the charity's crucial role in offering a comprehensive range of support services, including family, employability, young parent support, welfare rights, and financial advice through its five family centres in Dundee, Edinburgh, Falkirk, Glasgow and North Lanarkshire, as well as its national lone parent helpline and digital services; acknowledges that the charity, originally established in the 1940s as the Scottish Council for the Unmarried Mother and Her Child, was founded with a mission to keep unmarried mothers and their children together; celebrates the charity's extraordinary growth into an impactful organisation, employing 97 dedicated staff members, supporting over 8,000 parents, children, and young people each year, and providing what it considers to be life-changing welfare rights and financial advice that has, it understands, benefited nearly 4,000 families to date, resulting in financial gains for families exceeding £1.6 million; recognises that one in four families with children in Scotland are single-parent households, with 90% of these led by women; believes that, despite significant progress since the 1940s, gender inequality continues to fuel discrimination against many single mothers; understands the unique challenges faced by single parents combining the roles of sole carer and provider without the support of another adult, often facing a higher risk of poverty than other households; applauds the charity for its tireless advocacy for single parents at every level of government, working to create lasting solutions to what it sees as the widespread poverty that many face, and celebrates what it considers to be the remarkable resilience of single parents and the exceptional strength that they demonstrate every day in raising their families.

***[S6M-14895](#) Jackie Dunbar: Innovair Limited Receives Grant Through ETZ Challenge Fund**—That the Parliament congratulates Innovair Limited on securing a £73,751 grant through the Energy Transition Zone (ETZ) Challenge Fund, to further develop its advanced offshore testing and inspection services; understands that the ETZ Challenge Fund is provided to firms with a high growth potential, and which are looking to divert their focus from oil and gas to green energy projects; notes that the ETZ Challenge Fund is backed by the Scottish Government's £500 million Just Transition Fund, to boost the economy of the North East Scotland region and ensure that there are jobs for the region's highly skilled workers long into the future; commends Innovair Limited for its success, and wishes it all the best going forward.

***[S6M-14894](#) Alexander Stewart: Chris Hutchison from Alloa Receives Royal-presented Award for Historic Vehicle Restoration**—That the Parliament congratulates a gentleman from Alloa on receiving a coveted restoration award from Her Royal Highness the Princess Royal, following his restoration and rebuilding of an historic motor vehicle; believes that Chris Hutchison received the accolade from the National Transport Trust (NTT) as a result of his work on a 1927 Sentinel Super Steam Waggon; understands that Mr Hutchison was said to have been "honoured" to receive his award from a member of the Royal Family, with Princess Anne herself as NTT's royal patron presenting the keen historian with his certificate; acknowledges that Chris's work began in 2016, when he purchased the remains of a Sentinel Super Steam Waggon engine from the estate of the late vintage steam enthusiast, John Keeley, and from there, he set about restoring the vehicle to its full use, rebuilding the vehicle from just the engine as its base and utilising the help of his entire family; considers that this made the Alloa man a "worthy winner" for judges at the NTT's annual awards; notes that Chris started off by discovering that the engine he had purchased belonged to Waggon number 6982, and, from there, he used photographs and records to try and restore it as accurately as he could, involving his son and six grandchildren to help with the finished product; further notes that Chris was also helped by an engineer based more than 400 miles away, who provided advice and support; understands that an emphasis was also placed on passing on restoration skills and passions to the younger members of the family who helped out, in particular Chris's grandchildren; considers that two of those involved have used the project for the skills element of their Duke of Edinburgh Gold awards; further considers that Sentinels were built as steam waggons at the turn of the 20th century in Glasgow under the name of Alley and MacLellan, with production transferring to The Sentinel Waggon Works Ltd, Shrewsbury, in 1918; understands that these waggons, with their high-pressure (230psi) superheated boilers, were considered in their time fast and efficient, as well as being much more modern in concept than their more conventional competitors; is enthused that Chris and his family's work embraced acquiring both old and new skills, including machining, hot riveting,

welding, wood working, timber steaming and coach painting, plus many others, and commends him not only for this outstanding and historic restoration, but also for the active involvement of young people and what it considers to be the absolutely outstanding quality and attention to detail of the finished product, which it agrees was befitting of such an award.

***S6M-14893 Pam Duncan-Glancy: Improving the Lives of Disabled People**—That the Parliament understands, in line with Disability Equality Scotland, Glasgow Disability Alliance and Inclusion Scotland's respective 2024 survey/engagement results, Joseph Rowntree Foundation's report, *Poverty in Scotland 2024*, and the release of the data from Scotland's Census 2022 on health, disability and unpaid care, that disabled people in Scotland are facing alarming and increasing poverty and inequality and, it believes, a catastrophic regression in their human rights; believes that disabled people have been forgotten by the Scottish Government, and that promises have been broken in relation to progressing an Immediate Priorities Plan to tackle need, as committed to in the Programme for Government 2023-24; commits to re-energising the long-promised disability equality plan, including meaningful actions and an effective accountability and governance framework, and pledges to support, resource and sustain investment in disabled people-led organisations, through the Equality and Human Rights Fund and others as required, to enable ongoing sharing of lived experience, representation and co-design of policies and services that lead to improvements in the lives of disabled people.

***S6M-14892 Liam McArthur: Congratulating Bobby and David Rendall for 80 Years of Combined Service at Papa Westray Airfield**—That the Parliament congratulates brothers Bobby and David Rendall on having reached 80 years of combined service at the Papa Westray airfield in Orkney; understands that the pair first began working at the airfield in October 1984 and so have each completed 40 years' service; notes that Bobby, six years David's senior, has worked throughout this period as airfield coordinator, and David as airfield attendant; recognises the significance of their work in facilitating vital access to the island community whilst ensuring the safety of passengers; notes that the Papa Westray airfield is home to the world's shortest commercial flight, operated by Loganair between Westray and Papa Westray, which is scheduled to take one and a half minutes; commends the dedication of the pair in serving their community, which, it understands, involves working long and unpredictable hours in all manner of conditions; pays tribute to their 80 combined years of excellent work in public service, and looks forward to many more.

Progress of Legislation

A list of all Bills in progress can be accessed via the website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
