Members' Business motions that have not achieved cross party support

***[S6M-14344](#) Lorna Slater: 10 Years since Scotland's Independence Referendum**—That the Parliament notes that 18 September 2024 marks 10 years since the referendum on Scottish independence; recognises what it considers to be the historic level of democratic engagement during the campaign, which, it understands, resulted in the highest voter turnout since universal suffrage; understands that support for Scottish independence has consistently polled at 45% to 50% of Scotland's population in the decade since; considers that the Scottish Parliament has been undermined in recent years by the UK Government, including through Brexit, the United Kingdom Internal Market Act 2020, and the use of an order under section 35 of the Scotland Act 1998; welcomes the commitments made by both the Scottish Government and the recently elected UK Government to reset the relationship between the two governments, but considers that it remains unclear whether either government has set out what would constitute such a reset, and notes the belief that the Parliament and the people of Scotland, including those in the Lothian region, must have the opportunity to shape any improved relationship, including by establishing how the people of Scotland could progress a legal route to independence if that is their wish.

Supported by: Ariane Burgess*, Gillian Mackay*, Ross Greer*, Patrick Harvie*, Maggie Chapman*, Mark Ruskell*, Kenneth Gibson*, Colin Beattie*, Bill Kidd*

***[S6M-14337](#) Richard Leonard: Recognising the Role of Haven Products**—That the Parliament notes what it sees as the role that supported businesses play in providing employment for disabled people, including the contribution that they make to closing the disability employment gap through supporting disabled people to work, thereby promoting inclusion, independence and wellbeing; regrets the reported threat to 60 jobs at Haven Products in Larbert due, it understands, to the removal of a contract for document digitisation by the Scottish Government and the severe reduction in a contract to produce nursing uniforms for the NHS, and notes the calls for the Scottish Government to step in urgently to save these jobs and to ensure that this supported business and its workforce have a secure future.

***[S6M-14331](#) George Adam: St Mirren Announces Landmark Partnership with UWS**—That the Parliament congratulates St Mirren on its landmark partnership with the University of the West of Scotland (UWS); understands this partnership will enable the two Paisley-based institutions to work together to develop the relationship between sport and academia in Scotland, enriching the

***S6M-14323 Christine Grahame: Labour Reduces the Winter Fuel Payment—**That the Parliament notes what it considers will be the impact on pensioner poverty of basing the UK Labour administration's Winter Fuel Payment on claiming pension credit, in light of reports that 40% of people who are eligible do not claim pension credit; understands that Independent Age estimates that, in the Midlothian South, Tweeddale and Lauderdale constituency, this will exclude 929 households from accessing Social Security Scotland's Winter Heating Payment; further understands that the UK Labour Party made no mention of this in its recent UK General Election manifesto; considers that, despite claiming to respect devolved nations, the UK Government did not intimate its intention in advance, but instead reduced the funding that would have enabled the Scottish Government to maintain universality, and notes the calls for the UK Government to reinstate universality of Winter Fuel Payment now. **R**

Progress of Legislation

A list of all Bills in progress can be accessed via the website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
