***[S6M-14627](#) Maggie Chapman: Joseph Rowntree Foundation Report, Destitution by Design**—That the Parliament welcomes the publication of research by Heriot-Watt University, funded by the Joseph Rowntree Foundation, *Destitution by Design: Righting the Wrongs of UK Immigration Policy in Scotland*; understands that the report is the second in a three-year evaluation of Fair Way Scotland, a partnership of third sector organisations, including Homeless Network Scotland, Refugee Survival Trust, Scottish Refugee Council, Simon Community Scotland and Turning Point Scotland, which helps to prevent destitution among those with no recourse to public funds or other restricted eligibility for state support due to immigration status; further understands that the main findings from a surveyed sample of those accessing crisis support from Fair Way Scotland include the finding that 97% of those surveyed were destitute, with an average weekly income of just £40, with a third reporting no income at all in the last month, and that 66% of those surveyed were not permitted to work, making experiences of illegal and exploitative work common; notes with concern the conclusions of the report, including that thousands of people in Scotland are forced into extreme poverty and homelessness due to restrictions on access to essential support; further notes that going hungry and without clothing and toiletry basics, rough sleeping and poor health, both mental and physical, was common; understands that the issues

covered affect people who have been living in Scotland for years or decades, including those who seek asylum as well as European Economic Area nationals who cannot access support following the UK's exit from the EU; recognises what it considers to be the important services that Fair Way Scotland offers for immediate and wider needs, support with casework and engaging with lawyers and the Home Office; notes with concern that the availability of services provided by the partnership, it understands, falls far short of demand, given the limited funding available; recognises that the report's recommendations include an ask of the Scottish Government to use all devolved levers at its disposal to stop what it sees as this humanitarian crisis from worsening, including co-investing with independent funders, housing associations and other partners to rapidly scale up Fair Way Scotland, and thanks researchers at Heriot-Watt University's Institute for Social Policy, Housing and Equalities Research, and the Joseph Rowntree Foundation, for undertaking what it considers to be important research and shedding new light on the levels of need, deprivation, disadvantage and trauma experienced by what it considers to be some of the most vulnerable people in society.

***S6M-14626 John Mason: Public Diners**—That the Parliament welcomes the recent report from Nourish Scotland on public diners, a state-supported initiative designed to provide affordable, nutritious meals to the general public as part of Scotland's social infrastructure; recognises that, akin to libraries and public parks, public diners ensure access to good food for all, regardless of socioeconomic status, and that these establishments would promote inclusivity by offering healthy meals in a dignified environment without stigma, as happened during the Second World War, when they were known as British Restaurants; notes what it sees as the key benefits of public diners in addressing critical issues, such as public health, food insecurity and climate change, by making nutritious food accessible and reducing reliance on processed foods; considers that public diners would contribute to Scotland's climate goals by sourcing locally and sustainably, while also reducing household food waste; recognises what it sees as the cultural and social value of public diners in strengthening community ties and providing a vital space for social cohesion, and believes that public diners should be considered, given what it considers to be their potential to promote healthier eating habits, safeguard the right to food and contribute to a more sustainable food system for Scotland.

***S6M-14625 Rachael Hamilton: Celebrating St Boswells Village Hall's New Net Zero Community Space**—That the Parliament congratulates St Boswells Village Hall on being a pioneering project for the development of a net zero community space; celebrates that installations of solar panels, LED lighting and underfloor insulation have innovated the building, whilst maintaining its integrity; considers that these projects require adequate funding to achieve the impressive results that St Boswells has achieved; believes that genuine sustainability requires significant commitment and financial aid, and hopes that St Boswells can act as a guide to other halls wishing to follow its progress.

***S6M-14624 Marie McNair: Baljaffray Primary School Wins Prestigious UNICEF Award**—That the Parliament recognises Baljaffray Primary School, in Bearsden, on achieving a Gold award by UNICEF UK's Rights Respecting School programme; notes that the school has become the seventh school in East Dunbartonshire to win the award, which is granted to schools that show commitment to promoting and realising children's rights and encouraging adults, children and young people to respect the rights of others in school; understands that Gold is the highest accolade given by UNICEF UK and shows a thorough commitment to children's rights at all levels of school life, and congratulates all the staff, pupils and their families on their hard work and dedication being rewarded.

Members' Bills Proposals

Proposals for Member's Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at [Proposals for Members' Bills/Session 6 Proposals](#):

[Proposals for Bills – Scottish Parliament | Scottish Parliament Website](#)

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
