Motions and amendments are usually printed the day after lodging. When an amendment is lodged, then the original motion will be republished alongside it.

Motions and amendments can be published with symbols:

- * before the number indicates publication for the first time
- *...* around a section of text indicates changes to previously published material
- R indicates a member has declared a registered interest

The Parliamentary Bureau periodically deletes motions or amendments that are over six weeks old and not scheduled for debate.

Questions regarding this section should be directed to the Chamber Desk.

Members' Business motions that have not achieved cross party support

***[S6M-00430](#) Christine Grahame: Mineworkers' Pension Scheme**—That the Parliament notes the recent report by the UK Parliament's Business, Energy and Industrial Strategy Select Committee into the Mineworkers' Pension Scheme; understands that the scheme, established in 1994, meant a 50/50 split in surplus sharing between the miners and the UK Government and that, to date, the UK Government has received £4.4 billion, with at least a further £1.9 billion due and the UK Government paying nothing into the fund; further understands, however, that many beneficiaries are struggling to make ends meet, including those in the Midlothian South, Tweeddale and Lauderdale constituency; notes that the committee therefore recommended amending the 50/50 surplus sharing arrangements in the miners' favour, and immediately giving the £1.2 billion currently held in the Investment Reserve to former miners; understands that the Welsh Government has registered support for these recommendations, and notes the calls on the Scottish Government to do likewise.

Supported by: Kenneth Gibson*, Siobhian Brown*, Stuart McMillan*, Monica Lennon*, Bill Kidd*, Annabelle Ewing*, Evelyn Tweed*, Paul McLennan*, Colin Beattie*, Richard Leonard*

Other new and altered motions and amendments

***[S6M-00428](#) Ariane Burgess: Capercaillie Population Dips Below 1,000**—That the Parliament notes with concern recent reports of a sharp decline in Scotland's capercaillie population; understands that Cairngorms National Park Authority (CNPA) has said it will not reach its target of increasing the population of the bird to 1,200; recognises that the CNPA recently estimated that there are currently around 700 of the species in the park; acknowledges that a fuller picture of the population will be available in the winter; further notes that the CNPA believes that a loss of habitat and disturbance by humans has contributed to the population decline; believes that the plight of the capercaillie is part of a wider ongoing nature emergency, and urges the Scottish Government to take swift action to tackle the decline of this iconic Highland species.

***[S6M-00427](#) Siobhian Brown: St John's Primary, Ayr**—That the Parliament congratulates the St John's Primary P6 Euro team on finishing fourth in the national Euro Quiz finals; believes that

the team members have earned very well deserved praise for all of their hard work and dedication, and wishes them, and the school, all the best for the future.

***[S6M-00425](#) Stephanie Callaghan: Biomedical Science Day on 24 June 2021**—That the Parliament recognises Biomedical Science Day on 24 June 2021; acknowledges that biomedical scientists, clinical scientists and laboratory staff play a key role in ensuring the delivery of high-quality healthcare, and thanks the biomedical profession for its outstanding contribution during the COVID-19 pandemic.

***[S6M-00424](#) Richard Leonard: Pay Justice for Serco Caledonian Sleeper Workers**—That the Parliament commends what it sees as the essential role played by Serco Caledonian Sleeper workers throughout the COVID-19 pandemic, to ensure that rail services on the route could continue to run; understands that workers employed by Serco Caledonian Sleeper have been subjected to a pay freeze for 2021-22; is concerned that a pay freeze fails to take into account the vital role played by these workers during the pandemic, and the rise in the cost of living; believes that all workers on the Serco Caledonian Sleeper deserve a fair pay award for 2021-22; further understands that under the terms of its Emergency Measures Agreements (EMA) with the Scottish Government, Serco Caledonian Sleeper is able to receive performance and management fees; believes that, as the Scottish Government is managing the franchise via the EMA, only it has the ability to resolve the dispute, and notes the calls on the Scottish Government to intervene as a matter of urgency and commit itself and Serco Caledonian Sleeper to meaningful talks with the RMT, with the purpose of reaching a fair resolution to this dispute. **R**

***[S6M-00423](#) Kaukab Stewart: Lady Rae Makes History as Female Rector of the University of Glasgow**—That the Parliament congratulates Lady Rae on her election as rector of the University of Glasgow on 21 April 2021; notes that Lady Rae follows Winnie Mandela's election in 1987 as only the second woman elected to this Rectorship; further notes that Lady Rae's election makes history as she is the first female working rector, rather than it being a symbolic role; understands that the role of rector has existed at the University of Glasgow since 1542, and that such an appointment is therefore long overdue; acknowledges that a career spanning five decades, providing legal representation and services to the people of Glasgow, saw Lady Rae begin as a solicitor in Glasgow, become a partner in a leading criminal law practice, be appointed Queen's Counsel in 1992, serve as a sheriff in Glasgow and a senator of the College of Justice, and hold a seat as an upper tribunal judge, presiding over immigration and asylum appeals; notes that Lady Rae was awarded an Honorary Doctorate of Laws from the University of Glasgow in 2019, in recognition of her contribution to Scots Law; recognises that Lady Rae's historic appointment marks a step towards improved gender representation in high office that the institution of the University of Glasgow and its constituent community should take pride and inspiration from in future; applauds Lady Rae for her distinguished career achievements and public duty, and wishes her success in her role as rector, delivering on commitments to widen participation, promote diversity, improve student safety and welfare.

***S6M-00420 Bob Doris: Clean Air Day - 17 June 2021—**That the Parliament recognises the importance of active travel and public transport on Clean Air Day, which takes place on 17 June 2021; welcomes recent Scottish Government funding for new bus technology to reduce the impact of climate change and decarbonise transport; highlights the recent announcement by First Bus of the transformation of its Glasgow Caledonia bus depot into Scotland's and the UK's largest Electric Vehicle (EV) charging hub; understands that, once completed, the hub will have space to charge up to 300 electric buses on site; further notes the company's partnership with Aberdeen City Council, which launched 15 new hydrogen powered double-decker buses earlier this year, and considers that the hydrogen buses and new Glasgow electric vehicles represent a major step forward to meeting Scotland's Net Zero targets.

New Subordinate Legislation

Made affirmative instruments

The following instrument was laid before the Parliament on 17 June 2021 and is subject to the made affirmative procedure—

Health Protection (Coronavirus) (Restrictions and Requirements) (Local Levels) (Scotland) Amendment (No. 28) Regulations 2021 (SSI 2021/242)
Laid under paragraph 6(3) of schedule 19 of the Coronavirus Act 2020.

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
