- R indicates a member has declared a registered interest

The Parliamentary Bureau periodically deletes motions or amendments that are over six weeks old and not scheduled for debate.

Questions regarding this section should be directed to the Chamber Desk.

S6M-00908 Jeremy Balfour: Calls for a Doubling of the Scottish Child Payment in the 2021 Programme for Government—That the Parliament understands that a coalition of 120 anti-poverty organisations, children’s charities, community groups, think tanks, trade unions, faith leaders and academics have written to the First Minister urging her to “do the right thing”, by using the forthcoming Programme for Government to commit to doubling the Scottish Child Payment in the 2021-22 budget; shares the view expressed by the coalition that doubling the payment now would “signal that ending child poverty will be a defining priority for this Scottish Government and Scottish Parliament”; understands that all five of the main political parties committed to the move ahead of the 2021 Holyrood elections; considers that the Scottish Government has failed to set a timescale for the doubling of the payment, stating only that it will take place by the end of the current parliamentary session in 2026, and urges the Scottish Government to act on this clear and urgent call from a wide cross-section of Scottish society.

***S6M-00908.1 Natalie Don: Calls for a Doubling of the Scottish Child Payment in the 2021 Programme for Government**—As an amendment to motion S6M-00908 in the name of Jeremy Balfour (Calls for a Doubling of the Scottish Child Payment in the 2021 Programme for Government), leave out from "; shares the view" to end and insert "or as soon as practicably possible; shares the view expressed by the coalition that doubling the payment now would 'signal that ending child poverty will be a defining priority for this Scottish Government and Scottish Parliament'; understands that all five of the main political parties committed to the move ahead of the 2021 Scottish Parliament elections; considers that the Scottish Government has yet to set a timescale for the doubling of the payment, stating only that it will take place by the end of the current parliamentary session in 2026, and urges the Scottish Government to act on this clear and urgent call from a wide cross-section of Scottish society; believes the Scottish Child Payment to be a progressive measure introduced by the SNP administration; believes that the benefit is considered 'game-changing' by anti-poverty campaigners and is the only one of its kind in the UK; notes the Scottish Government’s commitment to significantly increase the payment following its roll-out to under-16s; recognises what it sees as the gravity of the warning by Scotland’s Children’s Commissioner and many others that the UK Government’s decision to scrap the £20 universal credit uplift will neutralise the positive impacts of the Scottish Child Payment; expresses concern at reports that half a million people, including 200,000 children across the UK, will be plunged into poverty by the cut, and supports the letter from the cross-party conveners of relevant committees in the Scottish, Welsh and UK parliaments and the Northern Ireland Assembly urging the Chancellor of the Exchequer and the Secretary of State for Work and Pensions to make permanent the universal credit uplift and extend it to legacy benefits that are disproportionately claimed by disabled people."

Members' Bills Proposals

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 6 Proposals:

[Proposals for Bills – Scottish Parliament | Scottish Parliament Website](#)

New Draft Proposal

Rhoda Grant MSP: Proposed Right to Food (Scotland) Bill—A draft proposal for a Bill to incorporate the human right to food into Scots Law. (lodged 2 September 2021)

A statement of reasons (as to why consultation is considered unnecessary), lodged with the proposal, may be viewed in the Scottish Parliament Information Centre (SPICe) or on the website page referred to above.

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
