[S6M-01512](#) Michael Matheson: Legislative Consent to the Environment Bill—That the Parliament notes the supplementary legislative consent memorandum on the UK Environment Bill lodged by the Scottish Government on 9 July 2021, and the report of the Net Zero, Energy and Transport Committee of 29 September 2021; calls on the UK Government to respect the devolved powers of the Scottish Parliament with respect to measures with an environmental purpose in Scotland; further calls on the UK Government to amend clause 119 (formerly 107) to adequately reflect the devolved purpose of these regulations, and calls on the UK Government to remove clause 20(4) – (6), as it is inappropriate for the UK Government to seek to impose its own environmental principles on UK ministers for decisions with respect to Scotland.

Debate on the subject of—

[S6M-00554](#) Gordon MacDonald: Big Noise Programme in Wester Hailes—That the Parliament commends Sistema Scotland, an award-winning music education charity, on launching a major new music project in spring 2022 in Edinburgh's Wester Hailes; notes that the programme aims to transform the lives of hundreds of children growing up in the area; understands that the Big Noise community orchestra will gradually be created by the project, which aims to reach more than 400 participants in its first year, and will eventually involve all ages from babies to school-leavers; recognises that the charity targets disadvantaged parts of Scotland for intensive long-term programmes offering youngsters up to four after-school sessions of intervention and support a week during term time, and up to four days each week during the spring, summer, and autumn holidays until they leave school; notes that the project will be working in partnership with the City of Edinburgh Council, and with Clovenstone, Canal View, and Sighthill Primary School and Nursery, and intends to also work alongside local charities and community groups to bring additional support and value to Wester Hailes; appreciates that Big Noise has a long-standing track record of delivering high-quality music education and social change to communities that helps children improve their concentration and language skills, enhance their problem solving and decision making, increase their self-esteem and creativity, and develop strong friendships and support networks, and notes Sistema Scotland's belief that all children and young people have great skills, talents and potential, and that it has never been more important to think and act creatively to ensure that children across Scotland are given the opportunities and support that they deserve.

Motions for Debate

***[S6M-01527](#) Angus Robertson: Scotland in the World – Championing Progressive Values—** That the Parliament welcomes the internationalist vision for Scotland set out in the Programme for Government and the Scottish Government's commitment to be a good global citizen; supports the measures outlined to promote progressive values globally and offer practical help to international partners, notably a 50% increase in the Scottish Government's International Development Fund and doubling of the Just Transition Fund, the opening of additional Scottish Government hubs in Copenhagen and Warsaw, and the ambition to align domestic policy objectives with the approach to international development; regrets the actions taken by the UK Government, particularly since 2016, which have reduced its standing in the world, for example the deplorable decision to cut its Official Development Assistance by a third, which will hit the world's poorest communities at a time of great need; notes the increasingly interdependent nature of the world and the necessity of cooperation between nations to address global challenges; welcomes the Scottish Government's commitment to promote democracy, fairness and human rights across the world; recognises Scotland's distinctive profile on the world stage, and believes that Brexit, which the overwhelming majority of people in Scotland did not vote for, is at odds with that internationalist ambition.

***S6M-01411 Brian Whittle: World Heart Day and Killie Heartmates**—That the Parliament notes that 29 September 2021 is World Heart Day, which highlights the impact of cardiovascular disease (CVD) and the actions that people can take to prevent and control CVD; recognises the role that local community groups have in helping people with cardiac disease to stay active and healthy; applauds the role of volunteers such as Sheena and John Thomson, who have been involved for 17 years in running the Killie Heartmates exercise group in Kilmarnock and who worked tirelessly during the COVID-19 pandemic to make sure the group's members were still supported during the lockdowns, and understands that the Killie Heartmates celebrated its 25th anniversary in 2021 and is affiliated to Chest Heart & Stroke Scotland, which has 28 heart support groups with 1,141 members across Scotland, which form a key part of the charity's Hospital to Home support service.

***[S6M-01490](#) Fiona Hyslop: Publication of the Communiqué Setting Out the Conclusions of the Glasgow Climate Dialogues**—That the Parliament welcomes the publication of the communiqué setting out the conclusions of the Glasgow Climate Dialogues, hosted by the Scottish Government and Stop Climate Chaos Scotland; understands that these dialogues were a series of online discussions, which took place between 6 and 9 September 2021, providing a forum for civil society and government departments from impacted countries in the Global South to discuss and share their positions on some of the key priorities for action at and beyond COP26, while developing a shared understanding of these key issues and identifying where collective action can advance United Nations Framework Convention on Climate Change (UNFCCC) goals and objectives; notes that the communiqué includes recommendations related to ensuring equitable access, participation and voice at the talks, the need for developed countries to significantly increase the financial support available to help impacted communities adapt to spiralling climate impacts, the need to address the losses and damages created by climate impacts that go beyond the limits of adaptation, and the need to ensure a global Just Transition based on the UNFCCC principles of common but differentiated responsibilities and respective capabilities and the right to development; commends the Scottish Government and Stop Climate Chaos Scotland for facilitating these dialogues, and notes the calls for ministers to respond positively, including by placing these priorities at the heart of the Scottish Government's own activities for COP26 and encouraging support for them from other UNFCCC participants.

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
