***S6M-02142 Paul Sweeney: The Balgrayhill and Edgefauld High-rise District Heating System, Glasgow**—That the Parliament recognises what it sees as the innovation of ng homes, which is Glasgow's largest community-run housing association, in commissioning Scotland's highest district heating system to serve 600 flats at its six 26-storey blocks at Balgrayhill Road and Edgefauld Road in Springburn, Glasgow; notes that the 243-foot high flats, which were officially opened by Prime Minister Harold Wilson in 1968, are the tallest residential buildings in Scotland; understands that the £25 million investment follows a 2016 survey of residents, which suggested that more than 60% were living in fuel poverty; believes that six banks of Mitsubishi air-source heat pumps have been installed on the roof of each tower block by the largest crane in Europe, with the heat generated shared among the flats below using a pumped water piping system with heat exchangers, and that the six independent district heating systems, which work even in sub-zero outside temperatures, will reduce the average cost per unit of energy for tenants by between 40% and 60%, reduce energy use by 64% and reduce overall emissions by more than a third; congratulates ng homes, supported by the Scottish Government's Social Housing Net-Zero Heat Fund, and its partners, the McDermott Group, Easy Heat Systems and M-Four, on the successful delivery of what it believes is a pioneering engineering project that will reduce fuel poverty and carbon emissions, and supports its adoption as a sustainable heating solution for high-rise residential buildings nationwide.

Football Festival—That the Parliament congratulates the more than 60 former football players, who are residents from eight care homes, who took part in Glasgow's first dementia football festival at the Toryglen Regional Football Centre, where they were joined by the former Scotland manager, Craig Brown, ex-player, Gordon Smith, and John Rowbotham, who was previously a referee; understands that, in recent years, research has discovered a link between football and dementia, with a 2019 study suggesting that professional players were three-and-a-half times more likely to die of neurodegenerative disease than others of their same age group; acknowledges that the festival allowed participants to try out a circuit of activities, including a special reminiscing station, which was supported by Football Memories Scotland, a touch station, where they could play table football, a taking on the goalkeeper challenge and the opportunity to take part in a game; notes that the festival was part-funded by an award from Life Changes Trust, which is a charity that invests in and supports the empowerment and inclusion of people living with dementia and their unpaid carers, and acknowledges that the day brought people together and allowed the participants to be part of something that was meaningful to them and focused on what they could do rather than what they could not.

Members' Bills Proposals

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 6 Proposals:

(lodged 9 November 2021)

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
