**2. Gillian Martin:** To ask the Scottish Government how it will assist young people to access the expanded free bus travel scheme. ([S6T-00399](#))

**followed by First Minister Statement: COVID-19 Update**

**followed by Scottish Government Debate: Addressing the Impact of Labour Shortages on Scotland's Economy**

**[S6M-02740](#) Kate Forbes: Addressing the Impacts of Labour Shortages on Scotland's Economy**—That the Parliament recognises the resilience and innovation that employers and workers across many sectors of the economy have demonstrated throughout the last year in response to the continuation of workforce challenges associated with the pandemic, combined with reduced workforce availability as a result of the UK's exit from the EU; believes that the Scottish Government and its agencies are committed to working with employers, business organisations and trade unions, to resolve and understand labour shortages, skills gaps and future requirements, and address recruitment and retention challenges through interventions and institutions designed to help more people into work, implementing a range of upskilling and retraining opportunities, and promoting the benefits of fair work, and calls on the UK Government to make immediate changes to its economically damaging migration policies in order to protect the provision of services and the delivery of goods through Scotland's supply chains.

The Presiding Officer has selected the following amendments

**[S6M-02740.1](#) Liz Smith: Addressing the Impacts of Labour Shortages on Scotland's Economy**—As an amendment to motion S6M-02740 in the name of Kate Forbes (Addressing the Impacts of Labour Shortages on Scotland's Economy), leave out from "reduced workforce" to end and insert "global supply chain issues and shortages of workers in some key sectors of the economy, and further recognises that there are serious and long-term structural issues within the Scottish economy, as shown by recent evidence presented by economic forecast groups, and that these must be addressed with more focussed Scottish Government policies targeted at reducing the skills gap, at improving productivity and stimulating economic growth."

**[S6M-02740.2](#) Paul Sweeney: Addressing the Impacts of Labour Shortages on Scotland's Economy**—As an amendment to motion S6M-02740 in the name of Kate Forbes (Addressing the Impacts of Labour Shortages on Scotland's Economy), leave out from "believes" to "fair work" and

insert “notes the finding from the Scottish Fiscal Commission that Scotland’s economy is lagging behind the rest of the UK, partly due to factors that predate the COVID-19 pandemic, such as declining labour market participation, weak investment in productivity and insufficient flexibility in skills development; considers that building a more sustainable and resilient economy will require an industrial strategy that addresses regional inequalities, low pay and poor conditions, and the skills gaps across Scotland; believes that the Scottish Government and its agencies must do more work with employers, business organisations, trade unions, colleges and universities to address recruitment and retention, promote fair work and offer more flexibility in reskilling opportunities for workers”.

### **followed by Legislative Consent Motion: Animal Welfare (Kept Animals) Bill - UK Legislation**

**[S6M-02739](#) Mairi Gougeon: Animal Welfare (Kept Animals) Bill - UK Legislation**—That the Parliament agrees that the relevant provisions of the Animal Welfare (Kept Animals) Bill, introduced in the House of Commons on 8 June 2021, relating to animal welfare, so far as these matters fall within the legislative competence of the Scottish Parliament and alter the executive competence of the Scottish Ministers, should be considered by the UK Parliament.

### **followed by Committee Announcements**

### **followed by Business Motions**

2.30 pm Portfolio Questions: Rural Affairs and Islands

and insert

2.00 pm Portfolio Questions: Rural Affairs and Islands

*followed by* Ministerial Statement: Reducing Scotland’s Car Travel by 20% by 2030

### **followed by Parliamentary Bureau Motions**

### **5:00 pm Decision Time**

**followed by Members' Business — S6M-01569 Rachael Hamilton: Endometriosis**

**[S6M-01569 Rachael Hamilton: Endometriosis](#)**—That the Parliament notes the view that there is a need to raise awareness of the widespread nature of endometriosis; understands that this painful disorder affects an estimated 10% of women worldwide and is the second most common gynaecological condition in the UK; believes that, despite its widespread nature, healthcare professionals still find it difficult to diagnose and treat the condition and that this situation has affected women in the Scottish Borders and across the country; recognises the Scottish Government's commitment to reduce the average time taken to diagnose endometriosis from eight years to less than 12 months during the current parliamentary session, as outlined in the Women's Health Plan; acknowledges the work done by the UK Parliament's All-Party Parliamentary Group on Endometriosis in highlighting the key areas that need to be addressed in order to see a reduction in the time to make a diagnosis, and notes the calls for the Scottish Government to present MSPs with a detailed plan and timeframe for achieving this target.

- \*...\* around a section of text indicates changes to previously published material

The Parliamentary Bureau periodically deletes motions or amendments that are over six weeks old and not scheduled for debate.

Questions regarding this section should be directed to the Chamber Desk.

## Motions for Debate

**\*[S6M-02747](#) Kevin Stewart: Mental Health and Wellbeing in Primary Care Services**—That the Parliament recognises the importance of improving capability and capacity for mental health assessment, care and support within primary care settings as Scotland recovers from the COVID-19 pandemic; further recognises the progress that has already been made to boost capacity in GP settings through funding from Action 15 of the 2017 Mental Health Strategy and Primary Care Improvement Plans; welcomes the commitment to further expand mental health and wellbeing primary care services, initially supported by the £120 million Mental Health Recovery and Renewal Fund; considers that this collaborative model will create 1,000 additional roles within primary care settings across a range of disciplines, establish and embed links between primary care and community assets, and increase the use of social prescribing and community link workers to improve mental health and wellbeing, and supports the development and implementation of those multi-disciplinary mental health and wellbeing teams in primary care services to ensure better and more timely access to support and treatment for people for mental health, distress or wellbeing issues.

**\*[S6M-02740](#) Kate Forbes: Addressing the Impacts of Labour Shortages on Scotland's Economy**—That the Parliament recognises the resilience and innovation that employers and workers across many sectors of the economy have demonstrated throughout the last year in response to the continuation of workforce challenges associated with the pandemic, combined with reduced workforce availability as a result of the UK's exit from the EU; believes that the Scottish Government and its agencies are committed to working with employers, business organisations and trade unions, to resolve and understand labour shortages, skills gaps and future requirements, and address recruitment and retention challenges through interventions and institutions designed to help more people into work, implementing a range of upskilling and retraining opportunities, and promoting the benefits of fair work, and calls on the UK Government to make immediate changes to its economically damaging migration policies in order to protect the provision of services and the delivery of goods through Scotland's supply chains.

**\*[S6M-02740.2](#) Paul Sweeney: Addressing the Impacts of Labour Shortages on Scotland's Economy**—As an amendment to motion S6M-02740 in the name of Kate Forbes (Addressing the Impacts of Labour Shortages on Scotland's Economy), leave out from “believes” to “fair work” and insert “notes the finding from the Scottish Fiscal Commission that Scotland's economy is lagging behind the rest of the UK, partly due to factors that predate the COVID-19 pandemic, such as declining labour market participation, weak investment in productivity and insufficient flexibility in skills development; considers that building a more sustainable and resilient economy will require an industrial strategy that addresses regional inequalities, low pay and poor conditions, and the skills gaps across Scotland; believes that the Scottish Government and its agencies must do more work with employers, business organisations, trade unions, colleges and universities to address recruitment and retention, promote fair work and offer more flexibility in reskilling opportunities for workers”.

Supported by: Daniel Johnson\*

**\*[S6M-02740.1](#) Liz Smith: Addressing the Impacts of Labour Shortages on Scotland's Economy**—As an amendment to motion S6M-02740 in the name of Kate Forbes (Addressing the Impacts of Labour Shortages on Scotland's Economy), leave out from “reduced workforce” to end and insert “global supply chain issues and shortages of workers in some key sectors of the economy, and further recognises that there are serious and long-term structural issues within the Scottish economy, as shown by recent evidence presented by economic forecast groups, and that these must be addressed with more focussed Scottish Government policies targeted at reducing the skills gap, at improving productivity and stimulating economic growth.”

**\*[S6M-02739](#) Mairi Gougeon: Animal Welfare (Kept Animals) Bill - UK Legislation**—That the Parliament agrees that the relevant provisions of the Animal Welfare (Kept Animals) Bill, introduced in the House of Commons on 8 June 2021, relating to animal welfare, so far as these matters fall within the legislative competence of the Scottish Parliament and alter the executive competence of the Scottish Ministers, should be considered by the UK Parliament.

Supported by: George Adam\*, Màiri McAllan\*

dedication that goes beyond the call of duty, by buying items of uniform for pupils who would otherwise be unable to afford it, running a night school for pupils who find it difficult to attend during the day, cooking meals for those pupils attending in the evenings, visiting pupils at home when they were in need of extra support, and setting up a nurture group at the school, and understands that she received her award for services to young people.

**\*S6M-02736 Pam Gosal: Clynder Woman Pledges to Swim 100 Miles of Open Water in Memory of Friend**—That the Parliament commends Victoria McQueen, who will brave the cold and tackle the freezing Gare Loch in memory of her late friend and Royal Marine Major Chris Moses; understands that the fundraiser plans to achieve 100 miles of open water swimming; appreciates her courageous efforts to raise cash in her friend's name by donating the proceeds to the Royal Marines Charity, and notes that the organisation offers a range of services to both serving personnel, veterans and their families.

**\*S6M-02732 Ross Greer: Children's Mental Health Week 2022**—That the Parliament welcomes Children's Mental Health Week 2022, which will take place between 7 and 13 February and is organised by the charity, Place2Be; recognises that the aim of the week is to shine a spotlight on the importance of children and young people's mental health; understands that this year's theme is Growing Together, and that Place2Be will be encouraging children, and adults, to consider how they have grown emotionally, and how they can support others to grow; considers that the subject has never been more important, with one in six children and young people now estimated to have a diagnosable mental health condition, and celebrates what it sees as the vital work carried out by organisations such as Place2Be in promoting resilience and mental wellbeing among Scotland's young people.

**\*S6M-02731 Paul O'Kane: Michael Shanks Runs All of Glasgow's Streets**—That the Parliament congratulates Michael Shanks, a Modern Studies teacher at Park Mains High School in Erskine, on his completion of running every street in the city of Glasgow; notes that he was inspired to do this during the first lockdown in March 2020, initially as a way of exploring new routes in the city during limited exercise periods, and subsequently due to his research of the story of Rickey Gates, who ran every street in San Francisco in 2018; acknowledges that Michael ran 6,143 streets, a distance of almost 1,500 miles, or 2,325 km, which is approximately the same distance from Glasgow to Moscow; further acknowledges his interest in the social history of Glasgow and west Scotland, and his social media posts of notable streets from his runs, including Kennedy Drive in Govan with connections to Mary Barbour and Red Clydeside, as well as his calls for "no ball games" signs to be removed in recognition of them being from a bygone era, and also as a way to encourage young people to play sport; understands that the school community at Park Mains is proud of his achievement, and wishes him well as he prepares to run any new build streets added to the city map, and write a book on the history and modern stories that he found on the streets that he ran.

## Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
