followed by First Minister Statement: COVID-19 Update

followed by Scottish Government Debate: UK Elections Bill

[S6M-03009](#) **George Adam: UK Elections Bill**—That the Parliament agrees not to consent to the UK Elections Bill, as it is for the Scottish Parliament to legislate on electoral law in relation to Scottish Parliament and local government elections; notes that the Scottish Government intends to consult on a number of electoral reforms later in 2022 with a view to bringing forward legislation; expresses its concern that proposals in the UK Elections Bill in relation to reserved elections risk disenfranchising voters, and threatening the independence of the Electoral Commission; notes that the proposal to require voter identification could infringe the human rights of people without a form of identification; supports the agreement of the Scottish Parliament Standards, Procedures and Public Appointments Committee to the Scottish Government's position that legislative consent is required in relation to digital imprints in devolved elections, and opposes the moves by the UK Government to effectively replace existing Scottish legislation on digital imprints by applying an unacceptably broad interpretation of the internet services reservation.

The Presiding Officer has selected the following amendments

[S6M-03009.2](#) **Stephen Kerr: UK Elections Bill**—As an amendment to motion S6M-03009 in the name of George Adam (UK Elections Bill), leave out from “not to” to end and insert “that the relevant provisions of the UK Elections Bill, introduced in the House of Commons on 5 July 2021, relating to various election improvements and modernisations, so far as these matters fall within the legislative competence of the Scottish Parliament or alter the executive competence of the Scottish Ministers, should be considered by the UK Parliament.”

[S6M-03009.1](#) **Neil Bibby: UK Elections Bill**—As an amendment to motion S6M-03009 in the name of George Adam (UK Elections Bill), insert at end “; believes that the Bill will undermine the ability of civil society organisations, charities and trade unions to engage and campaign in Scotland's and the UK's democracy, and regards the Bill as a costly and dangerous attempt by the UK Conservative administration to manipulate democracy in its favour.”

followed by Parliamentary Bureau Motions

5:00 pm Decision Time

followed by Members' Business — S6M-02749 Jackie Baillie: World Cancer Day 2022

[S6M-02749 Jackie Baillie: World Cancer Day 2022](#)—That the Parliament recognises that 4 February 2022 is World Cancer Day, a day that unites people, communities and entire countries to raise awareness and take action on cancer; recognises that the theme of World Cancer Day 2022 is “Close the Care Gap”, which is about understanding and recognising inequities in cancer care around the globe; understands that one in two people will get cancer in their lifetime, but that great progress in research has seen survival rates double in the last 40 years; congratulates Cancer Research UK on the 20th anniversary of its formation, following the merger of the Imperial Cancer Research Fund and the Cancer Research Campaign; expresses admiration for the way that it considers this institution has dramatically changed outcomes for people with cancer, through what it sees as the pioneering of more effective and kinder treatments, improving diagnostic methods, providing world-class information and campaigning for change, some of which takes place in Scotland; wishes Cancer Research UK well with its future work, and notes that MSPs can show their support for World Cancer Day through the wearing of a Cancer Research UK Unity Band.

***[S6M-03018](#) Shona Robison: Prevention of Homelessness Duties**—That the Parliament welcomes the publication of the joint Scottish Government and COSLA consultation on Prevention of Homelessness duties, which seeks views on ambitious plans to strengthen the rights of people experiencing, or at risk of experiencing, homelessness in Scotland; supports the principles as informed by the final report of the Prevention Review Group, which include a shared public responsibility to prevent homelessness; notes that the package of measures in the consultation includes the introduction of new legal duties on public bodies and landlords to "ask and act" on any risk of homelessness, changes to existing homelessness legislation to prioritise early intervention, and maximising the housing options available to people; recognises that approaches to preventing homelessness should be person centred and trauma informed, and agrees that this approach will support the implementation of the human right of an adequate home for all.

***[S6M-03009](#) George Adam: UK Elections Bill**—That the Parliament agrees not to consent to the UK Elections Bill, as it is for the Scottish Parliament to legislate on electoral law in relation to Scottish Parliament and local government elections; notes that the Scottish Government intends to consult on a number of electoral reforms later in 2022 with a view to bringing forward legislation; expresses its concern that proposals in the UK Elections Bill in relation to reserved elections risk disenfranchising voters, and threatening the independence of the Electoral Commission; notes that the proposal to require voter identification could infringe the human rights of people without a form of identification; supports the agreement of the Scottish Parliament Standards, Procedures and Public Appointments Committee to the Scottish Government's position that legislative consent is required in relation to digital imprints in devolved elections, and opposes the moves by the UK Government to effectively replace existing Scottish legislation on digital imprints by applying an unacceptably broad interpretation of the internet services reservation.

***[S6M-03009.2](#) Stephen Kerr: UK Elections Bill**—As an amendment to motion S6M-03009 in the name of George Adam (UK Elections Bill), leave out from “not to” to end and insert “that the relevant provisions of the UK Elections Bill, introduced in the House of Commons on 5 July 2021, relating to various election improvements and modernisations, so far as these matters fall within the legislative competence of the Scottish Parliament or alter the executive competence of the Scottish Ministers, should be considered by the UK Parliament.”

***[S6M-03009.1](#) Neil Bibby: UK Elections Bill**—As an amendment to motion S6M-03009 in the name of George Adam (UK Elections Bill), insert at end “; believes that the Bill will undermine the ability of civil society organisations, charities and trade unions to engage and campaign in Scotland's and the UK's democracy, and regards the Bill as a costly and dangerous attempt by the UK Conservative administration to manipulate democracy in its favour.”

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.
