followed by Parliamentary Bureau Motions

followed by Topical Questions

1. Jamie Greene: To ask the Scottish Government what action it is taking in response to the most recent recorded crime statistics showing a rise in violent crime. ([S6T-00519](#))

2. Rhoda Grant: To ask the Scottish Government how it is addressing the disruption to ferry services in the West of Scotland that has reportedly resulted in significant supply issues and interruptions to the lifeline service. ([S6T-00513](#))

followed by First Minister Statement: COVID-19 Update

followed by Delegated Powers and Law Reform Committee Debate: Inquiry into the use of the made affirmative procedure during the Coronavirus pandemic

followed by Scottish Government Debate: Nationality and Borders Bill (UK Legislation)

[S6M-03270](#) **Neil Gray: Nationality and Borders Bill (UK Legislation)**—That the Parliament notes that the UK Government's Nationality and Borders Bill proposes significant changes to UK asylum and immigration legislation, which will damage people living in communities across Scotland and the UK, now and in the future; recognises that the Bill contains two provisions that trigger the requirement for legislative consent and that a legislative consent memorandum recommending that the Parliament withholds its consent to those clauses was lodged on 1 February 2022; notes that the Welsh Parliament has refused consent; is concerned by the creation of a National Age Assessment Board with powers to scrutinise age assessments using "scientific techniques", which Scottish Government guidance advises against on child welfare and unreliability grounds; notes that these provisions will impose time limits and damaging measures affecting assessment of credibility in human trafficking applications; condemns these provisions, as well as proposals in the Bill for differential treatment of refugees based on how they arrived rather than their protection needs, measures that criminalise vulnerable people seeking protection, "push-back" provisions that will put lives at sea at risk and open the door for offshore asylum accommodation, and powers to revoke citizenship without notice, and agrees that the Bill will not achieve its aims or the change that is needed to ensure that the UK's asylum and immigration systems are effective, efficient and deliver for people in need of humanitarian protection, according to international human rights obligations.

The Presiding Officer has selected the following amendment

[S6M-03270.1](#) **Donald Cameron: Nationality and Borders Bill (UK Legislation)**—As an amendment to motion S6M-03270 in the name of Neil Gray (Nationality and Borders Bill (UK Legislation)), leave out from "notes that the UK Government's" to end and insert "agrees that the relevant provisions of the Nationality and Borders Bill, relating to age assessments and modern

slavery, do not fall within the legislative competence of the Scottish Parliament, and recognises that the UK Government's Nationality and Borders Bill will strengthen existing UK asylum and immigration legislation."

followed by Committee Announcements

followed by Business Motions

followed by Parliamentary Bureau Motions

5:00 pm Decision Time

followed by Members' Business — S6M-02948 Jim Fairlie: Redundancies at OVO Energy

[S6M-02948](#) Jim Fairlie: Redundancies at OVO Energy—That the Parliament notes with regret the reported decision by OVO Energy Ltd to seek 1,700 voluntary redundancies and the closure of various offices, including in Perth, which, it understands, the company could have used for its new training academy; notes the view that the reportedly "excellent team" that the OVO Energy CEO, Stephen Fitzpatrick, referred to when acquiring SSE Energy Services deserves better treatment, including more clarity on what happens should the company not reach sufficient numbers of voluntary redundancies, and considers that this represents a disappointing betrayal of a hard-working, committed workforce.

Motions for Debate

***[S6M-03281](#) Sandesh Gulhane: Preventing the Collapse of NHS Dentistry in Scotland**—That the Parliament notes with concern that almost half of people in Scotland have been unable to see an NHS dentist for the last two years; further notes the Scottish Government's proposed withdrawal of emergency funding provided to dental practices on 1 April 2021; believes that this funding should be maintained for the upcoming financial year in recognition of the considerable efforts still required to restore services and reduce the significant backlog of patients seeking dental treatment, particularly while maintaining enhanced infection control measures; recognises the importance of regular dental check-ups for people of all ages, both for good dental hygiene and in the detection of some forms of oral cancer; acknowledges the concerns expressed by many in the profession that the current settlement risks making NHS dentistry financially unviable; calls on the Scottish Government to come forward with a plan for ensuring the long-term sustainability of NHS dentistry, including a complete overhaul of the current fee structure to more accurately reflect modern dentistry; further calls on the Scottish Government to increase the dental tariffs provided by government to NHS dentists by a third as an interim measure to sustain NHS dental services, and ensure that all people in Scotland are able to access a dental check-up in 2022 and every year as clinically required thereafter, and calls for the development of a more holistic service that NHS patients deserve, in place of the current conveyor belt system.

***[S6M-03279](#) Graham Simpson: Workplace Parking Tax**—That the Parliament condemns taxing drivers through the introduction of the Workplace Parking Levy, and believes that the focus of the Scottish Government should be on supporting the roll-out of electric vehicles and the infrastructure to support them and on making public transport more efficient and affordable, not on using taxes to force families in Scotland into giving up their cars.

***[S6M-03270](#) Neil Gray: Nationality and Borders Bill (UK Legislation)**—That the Parliament notes that the UK Government's Nationality and Borders Bill proposes significant changes to UK asylum and immigration legislation, which will damage people living in communities across Scotland and the UK, now and in the future; recognises that the Bill contains two provisions that trigger the requirement for legislative consent and that a legislative consent memorandum recommending that the Parliament withholds its consent to those clauses was lodged on 1

February 2022; notes that the Welsh Parliament has refused consent; is concerned by the creation of a National Age Assessment Board with powers to scrutinise age assessments using "scientific techniques", which Scottish Government guidance advises against on child welfare and unreliability grounds; notes that these provisions will impose time limits and damaging measures affecting assessment of credibility in human trafficking applications; condemns these provisions, as well as proposals in the Bill for differential treatment of refugees based on how they arrived rather than their protection needs, measures that criminalise vulnerable people seeking protection, "push-back" provisions that will put lives at sea at risk and open the door for offshore asylum accommodation, and powers to revoke citizenship without notice, and agrees that the Bill will not achieve its aims or the change that is needed to ensure that the UK's asylum and immigration systems are effective, efficient and deliver for people in need of humanitarian protection, according to international human rights obligations.

New Subordinate Legislation

Subject to the affirmative procedure

The following draft instrument was laid before Parliament on 21 February 2022 and is subject to the affirmative procedure—

[Equality Act 2010 \(Specific Duties\) \(Scotland\) Amendment Regulations 2022 \(SSI 2022/Draft\)](#)

Laid under section 210(2) of the Equality Act 2010.

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
