Motions and amendments are usually printed the day after lodging. When an amendment is lodged, then the original motion will be republished alongside it.

Motions and amendments can be published with symbols:

- * before the number indicates publication for the first time
- *...* around a section of text indicates changes to previously published material
- R indicates a member has declared a registered interest

The Parliamentary Bureau periodically deletes motions or amendments that are over six weeks old and not scheduled for debate.

Government Initiated Questions are initiated by the parliament Government in order to facilitate the provision of information to the Parliament.

Government initiated questions lodged on 24 March 2022

[S6W-07653](#) Emma Harper: To ask the Scottish Government whether the NHS will continue on the emergency footing that the Cabinet Secretary for Health and Social Care previously extended to 31 March 2022.

Written questions lodged on 24 March 2022

[S6W-07120](#) Fergus Ewing: To ask the Scottish Government, regarding its planned Deposit Return Scheme (DRS) and the current Packaging Recovery Note (PRN) system, how the DRS scheme will work alongside the PRN scheme; whether it anticipates that the DRS will result in more or fewer glass bottles being made from recyclate through the remelt process; whether it will publish the full details of its analysis of this aspect of recycling, and whether it will provide details on how its Deposit Return Scheme will "significantly increase the quantity and quality of glass recyclate" as referred to by the Minister for Green Skills, Circular Economy and Biodiversity in evidence to the Net Zero, Energy and Transport Committee on 25 January, 2022 (*Official Report*, c. 6).

[S6W-07312](#) Fergus Ewing: To ask the Scottish Government, regarding the Final Business and Regulatory Impact Assessment for its Deposit Return Scheme, published in 2021, for what reason it has included a 23% increase in benefits to operators of the scheme and an additional half a billion containers but not reflected this in the costs of the scheme; how the mix of material has been factored into its calculations, and what breakdown of materials it has factored into the additional half a billion containers.

[S6W-07313](#) Fergus Ewing: To ask the Scottish Government, regarding the Final Business and Regulatory Impact Assessment for its Deposit Return Scheme, published in 2021, and the statements regarding local authority benefits as a result of half a billion containers being removed from local authorities, what its position is on whether such a removal of containers would represent a reduction in benefits for local authorities.

[S6W-07314](#) Fergus Ewing: To ask the Scottish Government, regarding the Final Business and Regulatory Impact Assessment for its Deposit Return Scheme, published in 2021, and the increase in business costs for an additional half a billion containers within the scheme, from table 1 to table 2, of £34 million, in light of this being a 3% cost increase associated with a 23% increase in containers, how this cost was calculated, and how distance takeback services from online retailers have been factored into the calculations for the additional half a billion containers in the market place.

[S6W-07315](#) Fergus Ewing: To ask the Scottish Government, regarding the Final Business and Regulatory Impact Assessment (BRIA) for its Deposit Return Scheme, published in 2021, in light of the original BRIA including an estimate of 1.7 billion containers within the scheme, which has been increased to 2.2 billion containers in the Final BRIA, which represents an increase of half a billion containers within the scheme, and in light of an increase in return points from approximately 17,000 to 37,000, which represents a 118% increase in return points, how the 7% increase in costs in table 3 was calculated, and what incentives there are for businesses to create facilities within their premises for the scheme.

[S6W-07316](#) Fergus Ewing: To ask the Scottish Government, regarding the Final Business and Regulatory Impact Assessment for its Deposit Return Scheme, published in 2021, how the 1% increase in business benefits due to the additional half a billion containers within the scheme was calculated.

[S6W-07317](#) Fergus Ewing: To ask the Scottish Government, regarding the Final Business and Regulatory Impact Assessment for its Deposit Return Scheme, published in 2021, in light of it including an additional half a billion containers within the scheme and additional 20,000 return points, how it was calculated that the costs to regulators will remain the same, and how this calculation has been validated.

[S6W-07318](#) Fergus Ewing: To ask the Scottish Government, regarding the Final Business and Regulatory Impact Assessment for its Deposit Return Scheme, published in 2021, which includes an additional half a billion containers within the scheme and additional 20,000 return points, which is a 118% increase on its initial estimate of the number of return points, for what reason there is no corresponding increase in costs to reflect this.

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
