followed by Ministerial Statement: Moray Maternity Services

followed by Scottish Government Debate: Keeping The Promise Implementation Plan

[S6M-03837](#) John Swinney: Keeping The Promise Implementation Plan—That the Parliament welcomes the publication of the Keeping The Promise Implementation Plan, published on 30 March 2022, recognising the additional challenges that have emerged since the Independent Care Review reported its conclusions in February 2020 and therefore the even greater importance in setting out actions that the Scottish Government must take to Keep The Promise to care-experienced children and young people and their families; believes that, to Keep The Promise, delivery must be undertaken in partnership with local government, The Promise Scotland, the third sector, NHS boards, and the care community across Scotland to enable progress towards keeping more families together through person-centred wraparound support at the right time and providing the right support to reduce the number of children in the care system where it is safe to do so; agrees that Scotland must shift the focus of its actions from reaction to prevention; recognises that where the care system is the right place to be, the experience of children and young people who do enter the care system must be based on love, relationships, compassion and consistency, and commits to work together across Scotland and on a cross-party basis to Keep The Promise to and with the care community, so that all children grow up loved, safe and respected so that they can realise their full potential.

The Presiding Officer has selected the following amendments

[S6M-03837.2](#) Meghan Gallacher: Keeping The Promise Implementation Plan—As an amendment to motion [S6M-03837](#) in the name of John Swinney (Keeping The Promise Implementation Plan), insert at end “; recognises concerns that not enough progress is being made, with stakeholders and campaigners claiming that little has changed in the first two years since its introduction; notes that organisations have witnessed a huge rise in the number of young people seeking support during the COVID-19 pandemic, and calls on the Scottish Government to listen to the concerns of local authorities, NHS boards, third party organisations and charities to ensure that The Promise is delivered in full.”

[S6M-03837.1](#) Martin Whitfield: Keeping The Promise Implementation Plan—As an amendment to motion [S6M-03837](#) in the name of John Swinney (Keeping The Promise Implementation Plan), insert at end “, and believes that a successful delivery requires realisable and meaningful targets based on measurable outcomes for young people, interim annual targets, beginning in 2022, with an annual reporting regime to the Parliament, and a commensurate funding plan.”

Motions

Motions and amendments are usually printed the day after lodging. When an amendment is lodged, then the original motion will be republished alongside it.

Motions and amendments can be published with symbols:

- * before the number indicates publication for the first time
- *...* around a section of text indicates changes to previously published material
- R indicates a member has declared a registered interest

The Parliamentary Bureau periodically deletes motions or amendments that are over six weeks old and not scheduled for debate.

Questions regarding this section should be directed to the Chamber Desk.

(b) that, for the purposes of Portfolio Questions in the week beginning 18 April 2022, in rule 13.7.3, after the word "except" the words "to the extent to which the Presiding Officer considers that the questions are on the same or similar subject matter or" are inserted.

***[S6M-03838](#) Christine Grahame: National Mining Museum Scotland and Midlothian Climate Beacon**—That the Parliament notes that the National Mining Museum Scotland was set up to safeguard and protect the mining heritage for current and future generations and to make mining heritage relevant to everyone; understands that its core activities are numerous and include collections management, education, community support and engagement, sector support and advocacy; notes that the museum's education programme has grown from strength to strength over the last five years, supporting formal and informal learning by developing initiatives that support the curriculum, particularly primary and lower secondary, and through an outreach provision that supports, for example, older people, hard-to-reach children and children with additional support needs; understands that future plans for the museum include climate change and the story of energy, ensuring that it recognises and promotes its role in the climate change debate, and that this will be done in partnership with the British Geological Survey's Midlothian Climate Beacon for COP26, which is a project that was launched in 2021 by creating a journey that follows the carbon cycle, from Scotland's past legacy of fossil fuels towards a new future of decarbonisation; further understands that the museum continues to explore opportunities to deliver initiatives relating to climate change and the story of energy by developing two interactive zones, the first allowing visitors to explore, in a fun way, elements of engineering that relate to the workings of a mine and energy, how it is created and the origins of fossils, and the second, the Energy Lab portacabin, which has displays and interactives that tell the story of the creation of wave energy, including the original Salter's Duck, from the museum's collection, and interactives on how the innovation generated power; understands that it has applied to Museums Galleries Scotland's Museums Capital Resilience Fund for this project, and wishes it well with its application.

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
