## Motions

Motions and amendments are usually printed the day after lodging. When an amendment is lodged, then the original motion will be republished alongside it.

### Motions and amendments can be published with symbols:

- \* before the number indicates publication for the first time
- \*...\* around a section of text indicates changes to previously published material
- R indicates a member has declared a registered interest

The Parliamentary Bureau periodically deletes motions or amendments that are over six weeks old and not scheduled for debate.

Questions regarding this section should be directed to the Chamber Desk.

### Members' Business motions that have not achieved cross party support

**\*[S6M-04425](#) Pauline McNeill: Remembering Shireen Abu Akleh**—That the Parliament notes with deep regret the reported death of the respected journalist, Shireen Abu Akleh, after being shot in the head while reporting; understands that Ms Abu Akleh was a Palestinian-American journalist who worked for 25 years as a reporter for Al Jazeera, and was a household name across the Middle East for her many years reporting from the Israeli-occupied Palestinian territories; believes that an independent inquiry into her death must be carried out in light of conflicting accounts of the circumstances of her death; understands that the UN Special Rapporteur on the situation of human rights in the Palestinian Territory occupied since 1967, Francesca Albanese, said in an interview that her death constitutes a "serious violation of international humanitarian law and is potentially a war crime under the Rome Statute of the International Criminal Court", and expresses its sympathy to Ms Abu Akleh's family and all who knew her.

### Other new and altered motions and amendments

**\*[S6M-04484](#) Meghan Gallacher: Lanarkshire Hospice's Annual Great T-Parties Fundraiser**—That the Parliament recognises St Andrew's Hospice for inviting Lanarkshire residents to celebrate its second annual fun-filled fundraiser, the Great T-Parties; notes that the Airdrie charity launched this in 2021, which saw people from all over the county join in the celebrations, and further notes that this fundraiser sees participants host their own garden parties to collect funds to help the hospice continue its support to patients and their families.

and Alison's dedication to the Girls' Brigade movement is an inspiration and, given that they estimate they have engaged with thousands of girls over the years, believes that this highlights the positive impact that volunteering can have on young people, and wishes Izzy and Alison all the best for the future.

**\*S6M-04482 Sarah Boyack: The Cost of Inaction in the Horn of Africa**—That the Parliament notes the publication of the report *Dangerous Delay 2: The Cost of Inaction* by Oxfam and Save the Children, and supported by the Jameel Observatory; notes the view expressed in the report that, despite commitments to learn the lessons from the delayed response to the devastating famine in Somalia in 2011, which killed over a quarter of a million people, world leaders are again acting too late and with too little action, despite clear and credible warnings about the impact of the current drought in the Horn of Africa; understands that across Ethiopia, Kenya and Somalia, on average, one person is likely dying every 48 seconds from acute hunger; notes with concern the findings that, across the three countries, some 5.7 million children are expected to be acutely malnourished in 2022; understands that, if current trends continue, the number of climate-related disasters each year globally may increase from approximately 400 in 2015 to 450 by 2030; believes that action undertaken in expectation of a crisis, known as anticipatory action, is more effective than responding to a late-stage humanitarian crisis; notes with concern reports that the current UN appeal for the Horn of Africa is just 2% funded, and urges the UK Government to commit £750 million of new and additional financing, and to ensure a return to spending 0.7% of Gross National Income (GNI) on aid as soon as possible, to safeguard support for crises at a time when, it understands, globally, 181 million people are forecast to experience crisis levels of hunger in 2022.

and newly-refurbished dining facilities; pays particular recognition and expresses thanks to the staff at Òran Mór and across the hospitality sector, who it considers are the backbone of the industry and that without whom people in Scotland would not be able to enjoy such venues, and considers that the hospitality industry and its staff have worked under particularly difficult circumstances during the COVID-19 pandemic, which makes this award all the more deserved.

**[\\*S6M-04379](#) Kenneth Gibson: Condemning the Taliban's Abuse of Afghan Women and Girls and Erosion of their Rights**—That the Parliament condemns the Taliban regime in Afghanistan for the increasingly oppressive subjugation of its female citizens; notes the announcement of recent orders removing rights of Afghan women and girls; expresses concern at the series of edicts by the Taliban; is aware that they force all women to wear head-to-toe clothing in public, forbid travel without a male relative, force them to stay inside when no “important” work, as deemed by the Taliban, is required outside, and prevent female employment outwith limited areas of healthcare or education; highlights the Taliban's previous promise that the rights of women and girls would be upheld, despite removing legal rights and continuing to deny access to secondary education; criticises the Taliban for reportedly abducting and imprisoning women who flee violent marriages, shelter from abuse in refuges or break their oppressive laws, with no fair investigation or trial and who, it understands, face beatings, torture and can be forced to marry Taliban followers to obtain freedom; empathises with all Afghan women and girls whose rights are impeded by what it considers as the Taliban's barbaric orders; particularly regrets the many reports of deaths of women and girls compelled to turn to suicide to escape abusive treatment by males, backed by the Taliban; supports the many brave Afghan women standing up for their rights and assisting others who are fleeing from the Taliban regime, and urges the UK and other governments, into whose countries Afghan women have fled, to judge their asylum applications with sympathy and compassion.

## Members' Bills Proposals

### Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at [Proposals for Members' Bills/Session 6 Proposals](#):

[Proposals for Bills – Scottish Parliament | Scottish Parliament Website](#)

### Final Proposal for a Member's Bill

(lodged 28 April 2022)

The proposal was accompanied by a statement of reasons, which is accessible online via the website page referred to above, or in the Scottish Parliament Information Centre (SPICe).

## Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
