followed by Members' Business: S6M-04117: Alasdair Allan: Supporting Great Bernera's Community Land Buyout

[S6M-04117](#) Alasdair Allan: Supporting Great Bernera's Community Land Buyout—That the Parliament recognises the work of the Great Bernera Community Development Trust towards a crofting community buyout and the development of the island; understands that, despite concentrated efforts on the Trust's part to bring the crofting land's sale to completion, a reported lack of cooperation by the island's absentee landlord has delayed and halted necessary progress; is deeply concerned by reported recent demands for significant payments by the landlord from local crofters before he will give permission for various legitimate, and elsewhere payment-free, transactions to proceed; understands that, in recent years, the island's school and local shop have both closed; further understands that part 3 of the Land Reform (Scotland) Act 2003 has not yet been successfully utilised, but considers Bernera to be an example of where that approach may well be required; notes the hope that all relevant agencies can continue to support the Great Bernera Community Development Trust in securing the buyout of the crofting land, and further notes the calls on the landlord to engage constructively and promptly with the local community going forward.

Members' Bills Proposals

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 6 Proposals:

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
