**\*[S6M-05590](#) Kenneth Gibson: Adopt a Road**—That the Parliament notes calls on local authorities to consider introducing the Adopt a Road initiative, which, it understands, works successfully across North America; understands that such a scheme offers individuals, organisations, companies and volunteer groups the opportunity to contribute to their community and local area by taking responsibility for a length of road, usually in the vicinity of the sponsoring group or person, from one junction to the next and that, while no money changes hands, the sponsor agrees to keep the sponsored road free of litter and reasonably clean, contacting the local authority to uplift any refuse gathered, having given at least 24 hours' notice; further understands that such a scheme recognises sponsors through the provision of signs on the sponsored road, which are designed, provided and erected by the local authority; understands that the programme originated in the United States when an engineer for the Department of Transportation sought the help of local groups to sponsor the cleaning of sections of the highway, as litter pick-up by the local authority was too expensive to undertake as often as was necessary; is aware of reports that, as of 2021, more than 120,000 California residents have participated in the initiative to remove litter and graffiti, plant trees and wildflowers, and clear vegetation along over 15,000 shoulder miles of roadside, and notes the view that such a scheme could be successfully piloted in North Ayrshire and other local authorities across Scotland.

Scottish Government to review taxation arrangements to find more creative and bold use of existing tax powers, to secure the finances needed to support people and invest in growing Scotland's economy, and believes that the Scottish Government must explore alternative taxation methods, such as a Land Value Tax, to create the investment needed to build a sustainable Scottish economy for the future.

three Fife scout volunteers selected to represent the UK at the World Scout Jamboree in 2023; understands that Derek will be one of 950 adult volunteers selected from across the country to help deliver the Jamboree through the International Service Team (IST); further understands that the Jamboree will be the largest scout camp to be held since the start of the COVID-19 pandemic and will see 50,000 young people come together for a skills, cultural and adventure festival in South Korea in August 2023; notes that ahead of July 2023 Derek will be supporting his local unit of young people that are attending the World Scout Jamboree by spending time on personal development and using their journey to South Korea to inspire others in the local area, and wishes Derek and the rest of the scouts a successful Jamboree. **R**

**\*S6M-05581 Monica Lennon: Climate Hazards and Resilience in the Workplace** —That the Parliament welcomes the new Climate Hazards and Resilience in the Workplace resources that have been produced by Adaptation Scotland in collaboration with UNISON Scotland and the Scottish Trades Union Congress; understands that the resources include a handbook, a workbook and webinar recordings; notes that the resources were launched at an event on 7 July 2022 by STUC General Secretary, Roz Foyer, Lilian Macer, from Unison Scotland, and Anna Beswick from Adaptation Scotland; understands that the resources have been created to help identify and tackle the hazards that climate change could bring to a range of different workplaces, and believes that all workers should be protected from the impacts of climate change such as windstorms, flooding and heatwaves.

**\*S6M-05577 Richard Leonard: Supporting the Democratic Right to Take Industrial Action**—That the Parliament condemns what it sees as the attacks on the pay, working conditions and jobs of workers in the rail industry who are employed by Network Rail and the UK Government-managed train operating companies; recognises the mandates, which, it understands, have been received by the RMT, the TSSA and ASLEF trade unions from their members for the action being taken; considers that workers and others are experiencing a cost of living crisis, with RPI inflation above 11%; regrets what it sees as the inaction of the UK Government to ensure that workers in the rail industry receive a fair offer; believes that the UK Government is instead progressing what it considers to be more anti-trade union legislation, and calls on elected members in local councils, the Scottish Parliament and the UK Parliament to stand with the workers and their trade unions in their claim for what it considers a fair and just settlement. **R**

**\*S6M-05464 John Mason: Freedom of Religion or Belief Conference**—That the Parliament notes that the International Ministerial Conference on Freedom of Religion or Belief (FoRB), which was hosted by the UK Government, took place in London on 5 and 6 July 2022; understands that around 700 delegates from over 100 countries attended, representing governments, parliaments, faith groups, and other parts of civil society; believes that delegates were impressed by the first-hand accounts of speakers from North Korea, Eritrea, from Baha’i and Ahmadiyya communities, and others who, it understands, have been persecuted for their faith; understands that themes discussed included an urgency to tackle the early warning signs of FoRB violations by governments, concerns over the use of technology as a tool for FoRB infringement, and the impact of intersecting inequalities, for example, for Yazidi women; believes that this conference has helped raise the profile of freedom of religion or belief as an issue, and considers that if freedom of religion or belief is lost, other freedoms will inevitably be lost as well.

## Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
