***[S6M-05880](#) Bob Doris: How Will We Survive: Steps to Preventing Destitution in the Asylum System**—That the Parliament notes the impact of the cost of living crisis on people seeking asylum in the Glasgow Maryhill and Springburn constituency, and across Scotland; further notes the research published by the British Red Cross and Refugee Survival Trust, *How Will We Survive? Steps to preventing destitution in the asylum system*; understands that the report was written by peer researchers with lived experience of the asylum system, through the Destitute Asylum Seeker Service; further understands that it outlines seven overarching recommendations, covering both the Home Office and Scottish Government, including that the Scottish Government should pilot a peer support system to ensure new arrivals through the asylum system can access support, guidance and friendship from people who have shared experiences of navigating the asylum system, that people with no recourse to public funds should have access to adequate support and increased access to health services, including mental health support, and that the Home Office should automatically grant people the right to work if they have been waiting for longer than six months for a decision on their initial asylum claim, or following the submission of further evidence, and that such a right should not be restricted to jobs on the shortage occupation list, and notes the view in the report that the Home Office should also offer an initial grant to asylum seekers to help them set up life in the UK, which it considers would lessen the likelihood of destitution.

Members' Bills Proposals

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 6 Proposals:

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
