### followed by Scottish Labour Party Debate: Supporting the NHS in Winter

**[S6M-06437 Jackie Baillie: Supporting the NHS in Winter](#)**—That the Parliament is deeply concerned that record numbers of patients are waiting over eight and 12 hours in A&E on a weekly basis; acknowledges that hospital capacity continues to be constrained by thousands of bed days lost due to delayed discharge; recognises the tireless work of the NHS staff who care for patients in increasingly difficult and safety critical situations; notes that the Scottish Ministers have not yet resolved the nurses' and NHS staff pay claim risking industrial action during the winter period; considers the Scottish Government's NHS Recovery Plan and Winter Plan to be inadequate with the new interim targets to reduce waiting times being missed and no additional funding for the impending winter crisis, and calls for the Cabinet Secretary for Health and Social Care to either set out a clear plan to end waiting times of more than eight hours ahead of winter, or to resign.

The Presiding Officer has selected the following amendments

**[S6M-06437.1 Humza Yousaf: Supporting the NHS in Winter](#)**—As an amendment to motion S6M-06437 in the name of Jackie Baillie (Supporting the NHS in Winter), leave out from “that record” to end and insert “about the impact of the ongoing COVID-19 pandemic on the health of the people of Scotland and on the operation of the National Health Service; acknowledges that, as a result, Scotland's NHS and care services face deep pressures, with 884 patients with COVID-19 currently in hospital; recognises that, as a result of increases in inflation, the health budget is worth around £650 million less than in December 2021; notes that the £600 million Health and Social Care winter plan supports recruitment of 1,000 additional staff, and includes over £120 million to help health and social care partnerships expand care at home capacity; welcomes that, in the face of these challenges, the NHS has been steadily increasing activity levels; recognises the exceptional work of NHS staff through the pandemic and beyond, and that the NHS Agenda for Change pay offer would see the lowest paid staff in NHS Scotland getting an increase of over 11% and qualified nursing staff seeing an increase of up to 8.45%; further recognises that if the offer is accepted, an experienced porter will be paid up to £2,502 more than their counterparts in England and Wales; recognises that, similarly, an experienced paramedic and staff nurse will be paid up to £2,186 more than their counterparts in England and Wales, and understands that the £50 million investment in improving unscheduled care has addressing long waits as a key area of focus.”

**[S6M-06437.2 Sandesh Gulhane: Supporting the NHS in Winter](#)**—As an amendment to motion S6M-06437 in the name of Jackie Baillie (Supporting the NHS in Winter), after “weekly basis;” insert “is equally concerned that cancer waiting times are at their worst level on record; expresses its disappointment at the Scottish Government's failure to meet its target to end inpatient two-year treatment waits in most specialties; reminds the Scottish Government that it has never met its

target to treat 90% of children with mental health issues within 18 weeks of referral; notes with concern the long ambulance waits being experienced across Scotland;”.

## followed by Scottish Labour Party Debate: Cost of Living

**[S6M-06438](#) Daniel Johnson: Cost of Living**—That the Parliament notes that inflation again reached 10.1% in September 2022, driven by rising food prices and energy bills; condemns the mini-budget set out by the UK Government, and recognises that the cost of living pressures that households are facing will be exacerbated by the economic damage it caused; believes that the priority for every government must be preventing further instability and addressing the cost of living; considers that there is more action that could be taken by the Scottish Government, including the cancellation of school meals debt, increased funding for money advice services and a top up to the welfare fund; remains deeply concerned about households in Scotland that are struggling to make ends meet over the winter, and calls, therefore, in the interests of transparency, for the Deputy First Minister to set out the outcome of the Emergency Budget Review to Parliament as a matter of urgency.

The Presiding Officer has selected the following amendments

**[S6M-06438.2](#) Tom Arthur: Cost of Living**—As an amendment to motion [S6M-06438](#) in the name of Daniel Johnson (Cost of Living), leave out from “; believes that” to end and insert “alongside the disastrous economic impact of leaving the European Union, which is being felt by Scotland’s economy, businesses and households; recognises that, as a result of increasing inflation, the Scottish budget is worth £1.7 billion less than when it was set in December 2021; welcomes the financial support that the Scottish Government has provided from within its fixed and limited budget to help people facing the impact of the cost of living crisis, including direct cash support, with almost £3 billion allocated to support households, £1 billion of which is support only available in Scotland; recognises that this includes the unique £20 per week per child Scottish Child Payment, which will increase to £25 on 14 November 2022, when it is also extended to under 16s, and £44 million for the Carer’s Allowance Supplement; acknowledges further support with the planned doubling of the December Bridging Payment to £260, supporting up to 145,000 school-aged children; notes the additional costs that the Scottish Government has funded in relation to public sector pay; expresses concern at the prospect of a fresh round of UK Government austerity; believes that the priority for every government must be preventing further instability and addressing the cost of living; calls on the UK Government to use its fiscal statement on 31 October to rule out a return to austerity, further help people with soaring energy bills, reinstate the pension triple lock, confirm an inflationary rise in social security benefits in 2022-23 and provide the Scottish Government with an inflationary uplift to the 2022-23 budget to enable the Scottish Government to take further steps to support people with the cost of living; believes that a strengthened windfall tax should be an important source of funding for this support, rather than borrowing and public spending cuts, and understands that the Scottish Government will finalise and publish the outcome of the Emergency Budget Review once consideration has been given to the implications of the UK Government’s fiscal statement and updated Office of Budget Responsibility’s forecasts.”

**[S6M-06438.1](#) Jamie Halcro Johnston: Cost of Living**—As an amendment to motion [S6M-06438](#) in the name of Daniel Johnson (Cost of Living), leave out from “condemns” to end and insert “recognises that an increasing rate of inflation is a challenge faced by many countries around the world; welcomes the cost of living support provided by the UK Government to both businesses and

households, including freezing the unit price of energy and giving payments to the most vulnerable in society worth up to £1,650, and calls on the Scottish Government to end its campaign to hold another independence referendum during this cost of living crisis and for both the UK and Scottish governments to work together to tackle the current crisis.

## Members' Bills Proposals

### Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 6 Proposals:

[Proposals for Bills – Scottish Parliament | Scottish Parliament Website](#)

### Final Proposals for Member's Bills

## Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
