The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at [Proposals for Members' Bills/Session 6 Proposals](#):

## Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.

The Cabinet Secretary for Justice and Veterans, Keith Brown, has identified an error in his contribution and provided the following correction.

#### **Cabinet Secretary for Justice and Veterans:**

At col 47, paragraph 5—

#### *Original text—*

However, it might help him to know that we are providing funding of around £50,000 this year for the national education officer for children and young people of armed forces and veteran families, to support delivery of the Selous report recommendations, including those on the collection of the educational expenses of service and veterans' children at the current time.

#### *Corrected text—*

However, it might help him to know that we are providing funding of around £50,000 this year for the national education officer for children and young people of armed forces and veteran families, to support delivery of the Selous report recommendations, including those on the collection of the educational experiences of service and veterans' children at the current time.

Members' corrections are published alongside, but do not replace the original contribution and can be accessed via the Scottish Parliament website at:

Corrections will be listed on the members' corrections page of the Scottish Parliament website until the end of the session in which the correction was made. After that the correction will still be available in the Official Report of the relevant meeting.
