Debate on the subject of—

[S6M-06302](#) Emma Harper: Transforming Scotland's Vacant and Derelict Sites—That the Parliament notes with concern reports that Scotland has almost 9,500 hectares of vacant and derelict urban land, and that just over one quarter of Scotland's 5.4 million population is estimated to live within 500 metres of a derelict site, with this percentage increasing in communities on the Scottish Index of Multiple Deprivation (SIMD); believes that Scotland's stock of vacant and derelict land is a legacy of the nation's industrial past, with many of these sites, including across the South Scotland Region, such as the George Hotel in Stranraer, former Interfloor Factory in Dumfries, Central Hotel in Annan and N Peal Building in Hawick, being in their derelict condition for many years; notes research, including from the Scottish Land Commission, University of Glasgow and Green Space Scotland, which shows that vacant and derelict sites can harm the wellbeing of communities, with findings reportedly showing that these sites can contribute to poor mental health, feelings of a lack of safety, anxiety and a persistent low mood; further notes reported concerns from communities around the traceability of the ownership of vacant and derelict sites, which, it understands, are often owned by absentee landlords and corporations as part of property and financial portfolios; considers that Scotland has a huge potential to lead the UK in transforming these sites into useful community assets; notes the view that focussing on these sites as a vehicle for delivery could help to enhance policy coordination across civic Scotland by concentrating effort and resources where they are most needed to benefit communities; welcomes the Scottish Land Commissions report, *Transforming Scotland's Approach to Vacant and Derelict*

Land, Recommendations from the Vacant and Derelict Land Taskforce; notes calls on the Scottish Government to set out its progress towards implementing these recommendations, and to outline its engagement with the Scottish Land Commission's joint Vacant and Derelict Land Taskforce; further notes what it sees as the role of communities, as, it understands, has been seen in Heathhall, Dumfries and Galloway, in calling on Dumfries and Galloway Council to address the former Interfloor Factory, and notes the view that communities across Scotland should become involved in taking transformative action to ensure these sites dealt with as a priority.

Motions for Debate

***[S6M-07247](#) Tom Arthur: Asset Transfers and Community Empowerment – Five Years On—**
That the Parliament welcomes the progress that has been made to date in implementing Part 5 of the Community Empowerment (Scotland) Act 2015; recognises that ownership, lease or management of land and buildings are powerful tools for communities to drive change and achieve their shared ambitions; acknowledges the programme of support for participatory budgeting that has given communities a stronger voice in decisions on how public money is spent, and agrees that place-based, community-led regeneration can help local areas, individuals and businesses to tackle poverty and inequality, and build community wealth, on their own terms.

Supported by: John Swinney*, Ivan McKee*, Richard Lochhead*

Members' Business motions that have not achieved cross party support

***[S6M-07238](#) Ariane Burgess: Community-led Housing Supporting a Sustainable Future—**
That the Parliament recognises what it sees as the vital role of community-led housing in tackling the rural and island housing crisis, and in supporting those communities towards a sustainable future; believes that there are diverse and significant challenges facing rural and island communities in providing housing and the varied implications this has for sustaining the rural population; recognises what it considers as the enabling role of community housing trusts and organisations such as South of Scotland Community Housing, Communities Housing Trust and Rural Housing Scotland, which support communities through what it understands can be a burdensome and long process; notes the belief that more can be done to facilitate community-led housing and remove barriers to locally-based projects; further notes the view that there is a need to support community-led affordable housing as a priority, and the potential in the upcoming Land Reform and Community Wealth Building bills to do so; congratulates those organisations that have accomplished community housing projects and utilised available funds such as the Rural and Island Housing Fund; considers that there is a need to learn from these organisations and continually improve, and congratulates what it sees as trailblazing projects that are testing alternative models such as rented cohousing in the Hope CoHousing project in Orkney, and creating place-based communities through models such as Stòras Uibhist and Rural Housing Scotland's Smart Clachan project.

***[S6M-07193](#) Annie Wells: Lifesaving Defibrillator Installed in Hawthorn Housing**

Cooperative Possilpark—That the Parliament congratulates Hawthorn Housing Cooperative in Possilpark on receiving a defibrillator, supplied in partnership with the Royal Bank of Scotland, which has worked with first-aid charity, St Andrew's, to select places across the UK to ensure that they are there for those most in need; notes that after installation St Andrew's will be delivering CPR classes and defibrillator awareness sessions for all Hawthorne residents and staff; considers that the training sessions will be vital to building up confidence and skills in saving a life, and believes that the provision and installation of the defibrillator within Hawthorn Housing Cooperative community will be a huge step in ensuring all staff and residents have the best possible chance of survival following a cardiac arrest.

***[S6M-07166](#) Mark Griffin: Supporting Unite Members at Shelter Taking Action Over Low**

Pay—That the Parliament welcomes what it considers as the important contribution of Shelter, and its dedicated workforce, across the country, who work tirelessly to support people in crisis, campaign to end what it sees as the housing emergency and provide vital frontline services in Edinburgh, Glasgow, Aberdeen and Dundee and beyond; supports Unite members at Shelter who are on strike for a fortnight from 5 December 2022; understands that the strike follows the organisation's reported imposition of a 3% pay deal without proper consultation; recognises that the Retail Price Index (RPI) is at its highest level since 1980 and is currently over 10% higher than Shelter's reported imposed 3% pay deal; believes that, at a time when energy bills, food prices and housing costs are skyrocketing, wages are drastically falling in real terms; encourages Shelter to get round the table with Unite to negotiate what it sees as a fair deal for their workers and tireless campaigners; understands that Shelter has what it considers as healthy reserves of £13.5 million, which is substantially in excess of the organisation's target reserves of £8.9 million; believes that, rather than sit on what it understands are ever-expanding reserves, Shelter should be giving its workers a fair pay rise, and considers that those working for a housing charity should not be forced into housing insecurity as a result of low pay, meaning that they are unable to afford their rent. **R**

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
