followed by Scottish Government Debate: Asset Transfers and Community Empowerment – Five Years On

S6M-07247 Tom Arthur: Asset Transfers and Community Empowerment – Five Years On—

That the Parliament welcomes the progress that has been made to date in implementing Part 5 of the Community Empowerment (Scotland) Act 2015; recognises that ownership, lease or management of land and buildings are powerful tools for communities to drive change and achieve their shared ambitions; acknowledges the programme of support for participatory budgeting that has given communities a stronger voice in decisions on how public money is spent, and agrees that place-based, community-led regeneration can help local areas, individuals and businesses to tackle poverty and inequality, and build community wealth, on their own terms.

The Presiding Officer has selected the following amendments

S6M-07247.1 Douglas Lumsden: Asset Transfers and Community Empowerment – Five Years On—As an amendment to motion S6M-07247 in the name of Tom Arthur (Asset Transfers and Community Empowerment – Five Years On), insert at end "; welcomes the UK Government's Community Ownership Fund, which will allow communities to take ownership of local institutions that have fallen into disrepair or are under threat of closure, and further welcomes that there are projects in Scotland benefiting from this fund."

S6M-07247.2 Paul Sweeney: Asset Transfers and Community Empowerment – Five Years On—As an amendment to motion S6M-07247 in the name of Tom Arthur (Asset Transfers and Community Empowerment – Five Years On), leave out from "welcomes" to end and insert "fully supports measures to empower communities and devolve power away from the Scottish Parliament, and considers that part 5 of the Community Empowerment (Scotland) Act 2015 was a positive step, allowing local groups to take ownership of assets for the benefit of their community; believes that pushing power into the hands of local people is a key part of unlocking the potential that exists across the whole country; recognises that, in communities across Scotland, there are positive examples of local groups taking control of assets and helping their area to flourish; regrets that communities still face significant barriers in exercising the rights given to them under the Community Empowerment (Scotland) Act 2015; believes that there is still much to be done to ensure that communities across Scotland are given the resources and support they need to benefit from the Act, and calls on the Scottish Government to take all necessary steps to remove remaining barriers and push more power into the hands of communities."

***[S6M-07229](#) Stephen Kerr: Falkirk Rugby Football and Sports Club Receives Direct Funding from UK Government**

—That the Parliament recognises that Falkirk Rugby Football and Sports Club has received £115,000 of direct investment from the UK Government, which it believes will transform dilapidated changing pavilions into modern, inclusive, multi-purpose facilities in a boost for local girls' and women's teams; understands that this is just one of four Scottish projects being directly financed by the UK Government in the second round of the Community Ownership Fund, totalling an investment of £800,000; further understands that the Community Ownership Fund supports community groups to take ownership of local assets that have fallen into disrepair, or are under threat of closure, and give them a new lease of life; believes that this empowers community and promotes sustainable economic growth, and recognises what it considers the important work carried out by Falkirk Rugby Football and Sports Club which serves the local community in promoting both physical and mental health.

***[S6M-07228](#) Pam Gosal: Milngavie Make-Up Artist Wins Accolade at The Scottish Hair and Beauty Awards 2022**—That the Parliament congratulates Colleen Davidson Artistry of Milngavie on being awarded Hair and Make-up Specialist of the Year at The Scottish Hair and Beauty Awards 2022; understands that a glittering ceremony took place in Glasgow recently, with entrants from around the country; further understands that Colleen's work has included high profile international clients during COP26, BBC quiz shows *Impossible* and *The Tournament*, and fashion projects such as The Scottish Wedding Show, the Confucius Institute exhibition *From Shanghai With Love* at the 2018 Edinburgh Fringe, and Johnston's of Elgin's Spring/Summer 2019 presentation at London Fashion Week, and wishes her every success for the future.

***[S6M-07226](#) Alex Rowley: Two-tier System in Social Care**—That the Parliament is concerned about what it sees as the two-tier system operating in social care; understands that, according to the Scottish Parliament Information Centre (SPICe), the average weekly rates paid by councils towards care costs are £832.10 for nursing care, and £719.50 for residential care; notes reports that 34% of care home places in Scotland are taken up by people who have to self-fund their care because they have savings over £29,750 and that these residents are charged, on average, 38% more than those whose fees are paid by councils; understands that many residents and their families believe that self-funders are being exploited and targeted for excessive profiteering to make up for any shortfall in publicly funded places; calls on the Scottish Government to take the immediate steps to end what it considers to be this two-tier system by ensuring that self-funders have the same protections as councils and pay on the same rates as councils, and believes that the Scottish Government has a duty to put in place the same protections for self-funders as are in place through the national contract for councils and allow older people who have worked hard and saved for their retirement to enjoy more of their own money.

***[S6M-07222](#) Alexander Stewart: Living Alloa Shines in the 2022 SURF Awards**—That the Parliament welcomes the news that Living Alloa won the Improving Scotland's Places category at the prestigious 2022 SURF (Scotland's Urban Regeneration Forum) Awards for Best Practice in Community Regeneration, on 8 December 2022, at a celebratory presentation event in Glasgow's Voco Grand Central Hotel; acknowledges that, in response to many challenges, Clackmannanshire Council, the entire local community, its businesses and the third sector have rallied together to move forward on what it sees as the myriad social, environmental and economic issues faced by the town centre, and congratulates everyone involved in the Living Alloa Project, which is an excellent collaboration involving Clackmannanshire Council, Clackmannanshire Third Sector Interface and Alloa First. **R**

***[S6M-07220](#) Alexander Stewart: Asda Alloa's Green Token-Giving Funding Winners**—That the Parliament welcomes the latest tranche of Asda Foundation Green Token-Giving Funding by Asda Alloa; congratulates Breathe Easy Clackmannanshire as winner of the customer vote to receive £500; commends Community House Limited on its receipt of £400, in addition to Wellbeing Scotland, which receives £300; understands that the work of the Asda Foundation, which is an independent charity providing grants to a range of good causes in Scotland, is augmented by the Green Token Giving programme, which invites nominations from the people and communities that are served by local good causes; believes that, to achieve this, the Asda Foundation offers several different funding streams for local community projects, which give its customers the chance to vote for projects that matter most to them, and commends everyone involved in their sterling work for the benefit of their communities. **R**

***[S6M-07217](#) Murdo Fraser: Perthshire Woman Delivering Soup and Stews to People in Ukraine**—That the Parliament congratulates Martha Aitken, of Abernethy, Perthshire, who plans to help deliver soup and stews to people in Ukraine this winter; understands that Martha will be accompanied in her journey by Ukrainian Polina Pomitii, who wants to return to the country to check on her grandparents; believes that the two women will work with Ukrainian women in the Project Soup campaign by creating employment through asking local people to make large quantities of warm, nourishing soup and hearty stews, which will then be distributed to people most in need, and wishes Martha and Polina all the best with their endeavour.

***[S6M-07216](#) Liz Smith: Mountaineering Scotland #ThinkWINTER Campaign**—That the Parliament considers that it is important to promote the Mountaineering Scotland #ThinkWINTER campaign; notes that the #ThinkWINTER campaign is designed to inform mountaineers about the dangers and challenges of winter climbing and to target increasing online misinformation; further notes that the campaign is in partnership with numerous esteemed organisations, including Scottish Mountain Rescue, Mountain Training Scotland, Glenmore Lodge, Scottish Avalanche Information Service, Developing Mountain Biking in Scotland and Police Scotland; understands that the additional fundamental skills required for winter climbing in the Scottish mountains include avalanche and cornice awareness, use of ice axe and crampons, variable weather changes, more challenging navigation and freezing temperatures; notes advice stating that it is essential to consult the mountain weather forecast and avalanche forecast while planning a journey into the mountains, to ensure that the daylight hours are sufficient for the level of fitness, and someone is aware of the planned route; promotes the use of winter skills courses that are provided by various organisations, including Mountaineering Scotland and Glenmore Lodge, and commends the continued work of the Scottish Mountain Rescue service, largely made up by volunteers, who put themselves in danger to save the lives of others during this extremely busy time of the year.

Members' Bills Proposals

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at [Proposals for Members' Bills/Session 6 Proposals](#):

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
