Debate on the subject of—

[S6M-06977](#) Jim Fairlie: Male Suicide in Scotland—That the Parliament is concerned by Scotland's suicide rate and the latest statistics showing that 75.03% of people who died by suicide in 2021 were men, continuing a long-term trend whereby men are more likely than women to take their own life across all age groups; notes that in Perth and Kinross, during 2017-2021, the overall rate of suicide was 16.8 per 100,000, which is higher than the national average of 14.1 per 100,000; understands that suicide is a complex behaviour and there is rarely a single factor involved, but that there is strong evidence of associations with financial difficulties and mental health; is concerned, in the midst of an ongoing and deepening cost of living crisis, by the statistic from Samaritans Scotland, highlighted at a recent Cost of Living Summit, that men living in the most deprived areas are up to 10 times more at risk of suicide than those living in the most affluent areas; welcomes the Scottish Government's 10-year strategy to tackle the factors and inequalities that can lead to suicide; commends groups such as Andy's Man Club that offer a safe environment for men to talk about issues and problems that they have faced and are currently facing, and notes the view that, by discussing this issue openly, MSPs can follow what it sees as this good example, which could have an effect in reducing existing stigma and encouraging people across Scotland to have important conversations addressing their mental health.

Debate on the subject of—

[S6M-07192](#) Douglas Ross: Maternity Services at Dr Gray's—That the Parliament notes with concern reports that Moray women and families are now in the fifth winter of living with what it considers downgraded maternity services; believes that this is unacceptable and notes the view that the full focus of the Scottish Government and NHS Grampian should be on delivering on model six, which is a return to a consultant-led maternity unit in Elgin; acknowledges the reported significant objections from campaigners and clinicians to model four, which is a community maternity unit linked mainly to Raigmore; understands that clinicians have stated that plans for model four are "predicated on a transparently and wildly inaccurate underestimate of the number of Moray patients who would deliver at Raigmore Hospital", and that they are "fundamentally flawed"; believes that NHS Grampian will detail its plan for model six at a meeting of its board on 15 December 2022, and notes the view that the Parliament should have an early opportunity to debate this plan and hear the Scottish Government's response to it.

Members' Bills Proposals

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at [Proposals for Members' Bills/Session 6 Proposals](#):

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
