Debate on the subject of—**

[S6M-07192](#) Douglas Ross: Maternity Services at Dr Gray's—That the Parliament notes with concern reports that Moray women and families are now in the fifth winter of living with what it considers downgraded maternity services; believes that this is unacceptable and notes the view that the full focus of the Scottish Government and NHS Grampian should be on delivering on model six, which is a return to a consultant-led maternity unit in Elgin; acknowledges the reported significant objections from campaigners and clinicians to model four, which is a community maternity unit linked mainly to Raigmore; understands that clinicians have stated that plans for model four are "predicated on a transparently and wildly inaccurate underestimate of the number of Moray patients who would deliver at Raigmore Hospital", and that they are "fundamentally flawed"; believes that NHS Grampian will detail its plan for model six at a meeting of its board on 15 December 2022, and notes the view that the Parliament should have an early opportunity to debate this plan and hear the Scottish Government's response to it.

***[S6M-07290](#) Siobhian Brown: Concern Regarding Youth Vaping**—That the Parliament notes reports of concern regarding vaping and a surge in young people using e-cigarettes; believes that vaping products are not for children, young people or non-smokers and are useful only as a potential route towards stopping smoking; understands from reports that there is potentially strong evidence that e-cigarettes, which can be bright and colourful and come in thousands of e-liquid flavours, can increase attractiveness to children and young people; further understands that the long-term risks of vaping cannot yet be definitively confirmed by research studies; considers that these products are not harmless and are a risk to the long-term health of young people, and notes the view that it is important to highlight this for forthcoming generations in Ayr and across the country.

***S6M-07322 Michael Marra: Supporting the Steel Industry**—That the Parliament understands that campaigners from the Community, Unite and GMB unions have delivered a petition to the UK Prime Minister urging action to support Britain's steel industry; considers that the petition, reported to have been signed by more than 11,500 people, calls on the UK Government to change procurement rules to encourage the use of British steel; believes that, in what it considers a turbulent world, large scale capital projects reliant on steel, including the infrastructure needed to meet net zero targets, can be more reliably delivered by steel manufactured in the UK; thanks the steelworkers and their trades unions for their efforts to secure a future for the industry, and urges the Scottish and UK governments to meet the campaign demands. **R**

***S6M-07308 Emma Roddick: Hamza Yassin is 2022 Strictly Come Dancing Champion** —That the Parliament celebrates the success of Hamza Yassin on being crowned *Strictly Come Dancing* winner 2022; understands that the TV presenter and cameraman impressed judges week in, week out, alongside dancing partner Jowita Przystal during the 2022 competition, eventually coming out on top of his competitors, and lifting the famous *Strictly Come Dancing* glitterball trophy; notes that Yassin, who was born in Sudan, has lived in Kilchoan on the Ardnamurchan peninsula for 11 years, and is a regular face on *Countryfile*, *Animal Park*, and CBeebies, and has presented a number of other wildlife shows; believes that Yassin received significant public support throughout the competition, particularly after performing an Afrobeats-inspired dance, with dance schools and

studios across the UK reporting an uptake in interest in this genre of dance classes, and praising his impact; congratulates Hamza Yassin on what it considers this significant achievement and all his hard work, and wishes him the very best of luck in the *Strictly Come Dancing* Live Tour, which commences January 2023.

***S6M-07306 Monica Lennon: Supporting Modern Apprenticeship Training in Electrical Installation**—That the Parliament recognises what it sees as the importance of electrical installation apprenticeships in improving opportunities for individuals, and the vital role, it believes, improved skills contribute towards economic prosperity, in line with the aims of the Scottish Government's National Strategy for Economic Transformation on achieving net zero and a wellbeing economy; congratulates the Scottish Electrical Charitable Training Trust (SECTT) on delivering over 11,000 electrical installation apprenticeships on behalf of the Scottish Joint Industry Board (SJIB) in the last 15 years; understands that the majority of these apprentices, including those trained by member firms of SELECT, the trade body for the electro technical industry in Scotland, are still working in the sector, and are paying approximately £42 million in tax annually; further understands that a record 960 apprentices have been recruited in the academic year 2022-23; regrets that Skills Development Scotland, despite a calendar year end review, has reportedly only funded 776 places, and calls on Skills Development Scotland and the Scottish Government to make available the shortfall of approximately £1.6 million for the remaining 184 places, which, it believes, would be in the best interests of the individuals affected and the Scottish economy. **R**

***S6M-07279 Monica Lennon: Scotland's Universities and Care Experienced Students** —That the Parliament understands that what it sees as the progressive approach taken by Scotland's 19 higher education institutions in committing to a care experience guarantee, has been hailed by a new report, *What is the Experience of Students from a Care Background in Education?*, which was published by Universities and Colleges Admissions Service (UCAS) on 30 November 2022, and highlights what it sees as the positive impact this guarantee has had on students with care experience; notes that, according to the report, the proportion of care experienced applicants has more than tripled over the last five years; understands that, since 2019, Scotland's universities have operated a system of minimum entry requirements in their admissions processes for applicants who apply from socio-economically disadvantaged areas; further understands that Scotland's universities also commit to offering an undergraduate place to any care experienced applicant who meets the minimum entry requirements; believes that Scotland's universities are leading the way across the UK in their commitment to widening access to university to underrepresented students, including students with experience of care, and understands that Scotland's universities have achieved this by reaching the interim targets for access set by the Scottish Government's Commission for Widening Access in its report, *A Blueprint for Fairness: Final Report of the Commission on Widening Access*, which was published on 14 March 2016, with 16% of entrants coming from Scottish Index of Multiple Deprivation (SIMD20) backgrounds in 2021.

***[S6M-07270](#) Emma Harper: La Dolce Vita Scoops Top Award** —That the Parliament congratulates the La Dolce Vita restaurant in Dumfries, which is owned and managed by Laura and Adam Scott, for being named Best Restaurant in the South of Scotland, and for being nominated for Scotland's Best Pizza, Best Family Run Business, Best Pizzeria, and Best Chef in the 2022 Scottish Italian Awards, which took place in Glasgow; acknowledges the hard work of head chef, Naomi Disick Manners, her sous chef Kelsey Logan, and the rest of the dedicated team, for their role in achieving this prestigious recognition; commends the La Dolce Vita for, it believes, demonstrating excellence in every aspect of its hospitality business, which will attract and retain both customers and employees; wishes the La Dolce Vita all the very best for the future, and encourages all to try their fantastic food when visiting Dumfries.

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at Proposals for Members' Bills/Session 6 Proposals:

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
